

MEDIATORS' FIRST MEETING TONIGHT

Associated Press.
Niagara Falls, May 23.—Announcement was made shortly before noon today that the first full conference of the mediators and the American and Mexican delegates will be held tonight.
It was arranged at the request of the Mexican delegates who met with the mediators this morning, after which the mediators sent for the American delegates to confer with them.
It is understood that the envoys felt confident today of being able to remove the obstacles as have delayed the proceedings during the consideration of preliminary measures. Delegates of both sides of the controversy between the United States and Huerta will go into the first business session hopeful of an amicable adjustment of all the difficulties as the outcome. The sudden calling of a full session tonight was not expected by American delegates. They had made no plans for a meeting today.

CARRANZA REPRESENTATION

Associated Press.
Washington, D. C., May 23.—It was announced today that the conferences at the House and State Department with the matter of sending a constitutional representative to Carranza. Secretary Bryan refused to make a statement.
Understanding here is said to be that as soon as the mediators took up the discussion of the international recognition of Mexico the American commissioners were prepared to suggest that Carranza could not well be represented without the presence of a constitutional representative. Carranza would then send a representative to Niagara Falls was still an open question.

POLICE RAID SUFF OFFICES

London, Eng., May 23.—The police today took the offensive in the fray between the "twentieth century furies," as the suffragettes are now called, and the authorities. The officers of the women's social and political union, the militant suffragettes, were the object of a raid in the morning as to the information as to the workings of the organization would enable the police to deal a hard blow at the authors of frequent outrages.
Apparently, it was hoped the police would find their coffers containing the funds of the society whose raid would cripple the efforts of the militants. Since the last raid, however, it is understood no money has been kept at headquarters.
After the onslaught of the police, the militant reply came in the form of several furious outrages, including the destruction of the portrait of King George at Edinburgh, an attempt to cut off the water supply at Glasgow, and an act of vandalism in the British Museum.

NOISY WOMAN HELD FOR TRIAL

By Associated Press.
London, May 23.—Frida Graham, the militant suffragette who yesterday slashed the valuable paintings in the National Art Gallery was today committed for trial at her hearing in the police court. The woman kept up a continual tirade during the hearing and was held fast by two policemen.

OHIO SETS FAST PACE

By Associated Press.
Columbus, May 23.—About 1000 miles of inter-county and main market roads are to be built in Ohio this summer. It is estimated that \$3,000,000 will be expended in the work and 10,000 men employed.
State Highway Commissioner Marker stated that the bids would be advertised for soon.

SUFFS PLANT THREE BOMBS

By Associated Press.
Glasgow, Scotland, May 23.—The failure of a fuse early today saved the viaduct and half of the Glasgow water supply coming from Katline, forty miles away. A watchman discovered three bombs with half-burned fuses placed in an effective part of the construction and nearby a placard stating that the purpose of the act was to avenge the treatment of Emmeline Pankhurst.

HUERTA TROOPS REVOLT

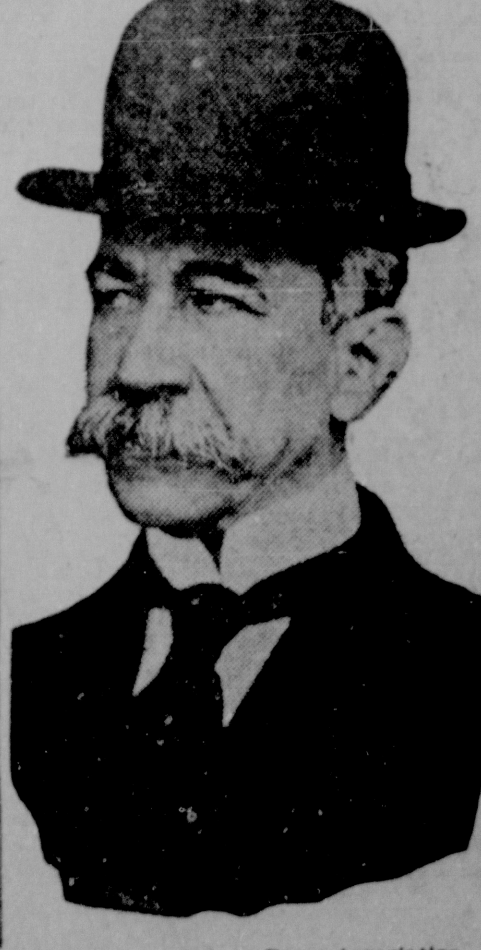

By Associated Press.
VERA CRUZ, MAY 23.—3:00 P. M.—SIX AMERICANS, WHO ARRIVED HERE BY TRAIN FROM MEXICO CITY TODAY, BROUGHT AN UNCONFIRMED REPORT THAT GENERAL JOSE VELASCO, FEDERAL COMMANDER, WHO WAS DEFEATED AT TORREON BY GENERAL VILLA, THEN RECALLED TO THE CAPITAL, AND LATER SENT TO SAN LUIS POTOSI, HAD REVOLTED AGAINST GENERAL HUERTA, TOGETHER WITH MOST OF THE FEDERAL TROOPS UNDER HIS COMMAND.

EVEN THE KING'S PHOTO SLASHED

By Associated Press.
Edinburgh, Scotland, May 23.—A picture of King George V in the Royal Scottish Academy was hacked by a suffragette this afternoon. The woman used a hatchet. The glass frame had been smashed in and a gash of several inches torn in the canvas.

TRYING TO STAY OUT OF POLITICS

By Associated Press.
Oyster Bay, May 23.—"I am trying to keep out of politics for the present," was the statement made by Colonel Theodore Roosevelt today. The statement was delivered in all seriousness in response to a question concerning the organization work of the progressive party during the past year and his opinion of the impending amalgamation with the Republican party. Colonel Roosevelt declined to express any views on these subjects.
Roosevelt said that just at present he was busy in the preparation of a new book which will take up the entirety of his time until he returns from Spain, July 4. After that, he stated, he will have more time to devote to politics.

TRAIN WRECKERS ARE RESPONSIBLE

By Associated Press.
Savannah, Ga., May 23.—The Seaboard Air Line Florida to New York train was wrecked at Anderson, six miles south of here, early today. Engineer A. G. Gruber, of Savannah, was killed, and the fireman and the express messenger badly injured. None of the passengers were harmed.
Officials say that train wreckers were responsible as the signal lights had been extinguished and the switch open at the siding where the wreck occurred.

FIVE SURVIVORS OF SHIPWRECK

By Associated Press.
Montreal, Canada, May 23.—Five shipwrecked seamen, victims of the ice conditions existing in the vicinity of New Foundland since early spring, arrived here today on the Allan liner, Corinthian. Bound from Brest with a cargo of provisions, their three masted brig, Marie Emilie, was ground to pieces by the ice. The crew took to their boats and after drifting for hours were picked up.

NEED 15,000 MEN IN HARVEST FIELD

By Associated Press.
Oklahoma City, Okla., May 23.—Fifteen thousand additional hands are needed in Oklahoma to harvest the 1914 wheat crop, according to a statement coming from State Labor Commissioner Daugherty. The crop is estimated at 40,000,000 bushels and is the largest harvest ever known to the state of Oklahoma.

HOLDING LETTERS BECKER PENNED

By American Press.
New York, May 23.—The only conference held this forenoon by Charles Becker, convicted yesterday for the second time of the murder of Herman Rosenthal, was with his counsel, M. T. Manton, and his wife. It is understood that the basis of an appeal from the verdict was discussed. District Attorney Whitman today received a letter from Mayor Mitchell in which the Mayor said: "I have been following the Becker case closely. The whole community is indebted to you. Your work has been splendid."
The district attorney, it has been learned, has submitted to handwriting experts, letters written by Becker to the convicted gun men during their imprisonment in the Sing Sing death house. These letters were turned over to the district attorney by the wife of "Lefty Louie" Rosenberg, after her husband's death.
It is said the letters were passed from Becker to the gunmen between the leaves of books in the prison library which are allowed to circulate among the prisoners of the death house.
District Attorney Whitman has been holding them in reserve for an opportunity to use them as evidence against Becker in the latter's efforts to obtain a reversal of judgment in the Court of Appeals.

LAND TAX BOOSTER

By Associated Press.
Washington, D. C., May 23.—General debate on the anti-trust bill in the House has been opened by Representative Barley of Pennsylvania, a Democrat, who declared that the menace of the big interests lies in special privileges. His remedy is "the repeal of all laws placing taxing power in private hands and taxing labor and labor products and all other taxes, substituting a single tax on the value of the land irrespective of improvement."

A SEA TRAGEDY

By Associated Press.
Halifax, Nova Scotia, May 23.—The wreck of the new lightship, Halifax No. 19, carrying a crew of 25 men, was indicated today by the discovery of wreckage and two bodies at Liscomb, 100 miles east of here. The ship was on its way here from Parsley, Scotland.
The lightship was due here yesterday and is believed to have struck a rock while picking its way through the dense fog that has enshrouded the coast for several days. The bodies were sighted by the Dummerin which reports that life-belts marked "Halifax, 19," were strapped about the victims. Liscomb, the supposed scene of the wreck, is a small island off the east coast of Nova Scotia and is located about forty miles west of Cape Canso.

CONFESSES TO MURDER

By Associated Press.
Florence, Italy, May 23.—Pietro Raffi, an art student, confessed today to the shooting of Mrs. Mary Slavelle, of Chicago, while on a train near Chicago. Raffi said that he had gambled away all his money and while on his way home to inform his family of his predicament he saw Mrs. Slavelle and decided to rob her.

STONER SHOT FROM AMBUSH

By Associated Press.

By Associated Press.
New York, May 23.—According to information gleaned today, John D. Rockefeller, Jr. has signified that the anticipated conference between himself and Judge Ben Lindsay of Denver in relation to the Colorado strike situation will never take place.

MOVING TOWARD CITY OF MEXICO

Torreon, Mexico, May 23.—"After we capture Queretaro, the key to the capital, we will march into Mexico City, singing 'La Golondrina,'" said Villa. "La Golondrina" is Mexico's "Home, Sweet Home." His army is supposedly making forced marches southward from the captured city in pursuit of the 10,000 federalists under Generals Maas and De Moure, who evacuated Saltillo Thursday.

It is believed the retreating federalists have been checked along the railway between San Luis Potosi and Saltillo. General Elullo Gutierrez's rebel army was assigned the work of closing communication south of Saltillo and his army of 6,000 men may have barred the retreat.

Prominent rebel officials here say that Villa announced before the opening of the Saltillo campaign he had prepared for a federal retreat and predicted that the Huertistas would not make the "getaway" they did at Torreon. This is cause for the belief that his forces are close on the heels of the fleeing column if they have not already overtaken them.

General Pascual Orozco felt the power of the revolution when a column of 5,000 federalists whom he had led out from San Luis Potosi against the rebels was routed by General A.

Garrera Torres at the village of Uruvada, about 30 miles northeast of the capital. Advances to this effect came from General Carranza's headquarters in Durango.

General Torres personally led the attack of the rebels on the federal positions. Huerta's troops retreated in the direction of San Luis Potosi. Reinforcements were sent from the state capital to the relief of Orozco's command and are attempting to check the further advance of the rebels on the city. General Antonio Govea Loya and A. Mendoza, federalists, were also with the Orozco column.

It is the belief among rebel military and civil officials that Orozco sallied out from San Luis Potosi to clear the way for the entrance of the federal army under Generals Maas and De Moure, supposed to be attempting to join the Huerta troops in San Luis Potosi. His purpose, it was said, was to drive the rebels out of the country between Saltillo and San Luis Potosi. Orozco has been missing since last January, when Mercado's federal army fled across the border from Ojinaga to Presidio, Tex. He has been reported at various points on both sides of the border since that time, but this is the first definite news regarding his whereabouts in several months.

bearer of the proper credentials. It was pointed out that Carranza had rejected the invitation which was tendered him by the mediators and the latter consequently withdrew the offer they had sent him to be represented at the conference.

CARRANZA SHUT OUT

Niagara Falls, Ont., May 23.—The mediators continued their quiet, informal "conversations" with the delegates of the United States and Mexico. It is understood that the mediators laid before the American delegates the terms which would be acceptable to General Huerta, as outlined by the Mexican delegates during the meetings they have had with the A. B. C. diplomats. It is believed the terms have given the mediators good reason to be extremely hopeful for a successful outcome of the negotiations.

One question discussed was the announcement that the Mexican rebels had decided to send a delegate to the mediation conference. It is understood on good authority that the mediators are determined not to consent to hear any representative of General Carranza even if he were

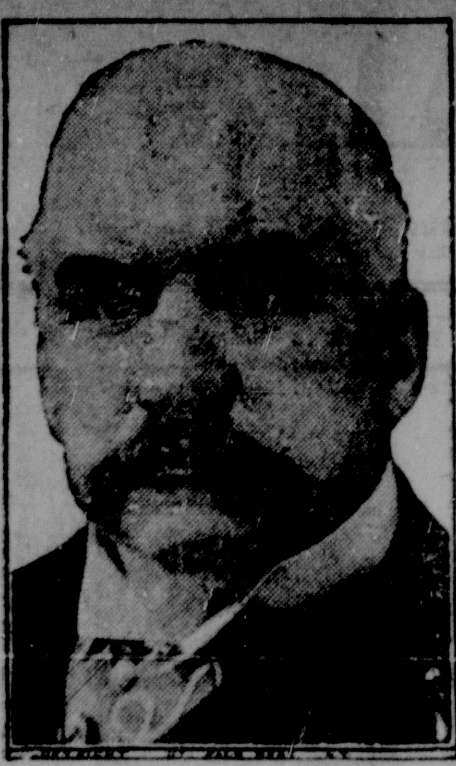

NEW TIME TABLE NOT AGREEABLE

A new time table will go into effect on the B. & O. the first of June that vitally affects Greenfield in the change. Says the Greenfield Journal, by the new arrangement train No. 14 will be annulled between Midland City and Chillicothe.

All the morning papers will not reach Greenfield until 9:49. The morning mail from the west that arrives on No. 14, which reaches here at 5:29 will arrive on train No. 12 at 10:22, too late for the rural delivery, causing a delay of 24 hours to the farming community.

Here is an opportunity for the Business Men's Club to get busy and take up the question with the B. & O. officials. It seems to us that something should be done so that our people can receive this mail at the proper time.

THE LATE J. P. MORGAN.

Chas. S. Mellen, ex-president of the New Haven Ry., testified before the Interstate Commerce Commission that to save Morgan's life he sacrificed himself and submitted to a Federal indictment for the so-called Grand Trunk Ry. conspiracy. Mellen further claims that the junior Morgan, after his father's death, advised that he (Mellen) retire from the New Haven presidency, notwithstanding the sacrifice he claims to have made.

GAVE SELF AS SHIELD

Washington, May 23.—Charles S. Mellen, ex-president of the New Haven railroad, ended his four days' confession before the interstate commerce commission with the statement that he had subjected himself to indictment under the Sherman anti-trust law in order to shield the late J. P. Morgan. This was in the so-called Grand Trunk conspiracy, on account of which Mr. Mellen stands under indictment.

Mr. Mellen asserted that he wrote a letter to the district attorney in New York assuming entire responsibility for the so-called Grand Trunk deal because he realized that Mr. Morgan's health was poor and that to subject him to the grand jury would probably have hastened his death. Mr. Mellen declared that J. P. Morgan, Jr., was the New Haven director who, after the death of the elder Morgan, suggested that it was advisable for Mr. Mellen to retire from the New Haven. Mr. Mellen said he told the younger Morgan then that he had suffered the humiliation of an indictment for his father's sake, and that J. P. Morgan, Jr., turned to him and acknowledged that his father's health at that time was such that it would have killed him.

UGLY PIECE OF WORK FINISHED

Panama, May 23.—One of the most bothersome pieces of work on the canal has just been completed. For over four months work has been in progress on the dike known as Cano Saddle which was built to prevent Gatun Lake from running into the Atlantic Ocean. The dike is located about 25 miles north of Gatun and can only be reached by boats on Gatun Lake. At that point the surface of the lake reached to within a few feet of a low narrow ridge through which the waters might have worked their way and thus washed a passage into the Atlantic.

To prevent this the dike, or saddle, 30 feet high and about 1,200 feet long, was constructed. During the course of the work about 4,000 men were employed, this great number being necessary because of the prevalence of malaria. It was the breeding place for hordes of mosquitoes and every man taken into the place was almost instantly affected. It is said that every white man who worked on the job was brought out of the district on a stretcher unconscious. In spite of this, however, not a death occurred, every one of the laborers having recovered their health on being brought back to the Canal Zone.

HALL RELEASED

Harry Hall, who was indicted by the grand jury for shooting with intent to kill and carrying concealed weapons, was arraigned Tuesday at Hillsboro and pleaded not guilty. His bond was fixed at \$600, which he gave. His trial was set for June 15.—Greenfield Journal.

PROHIBITION CONVENTION

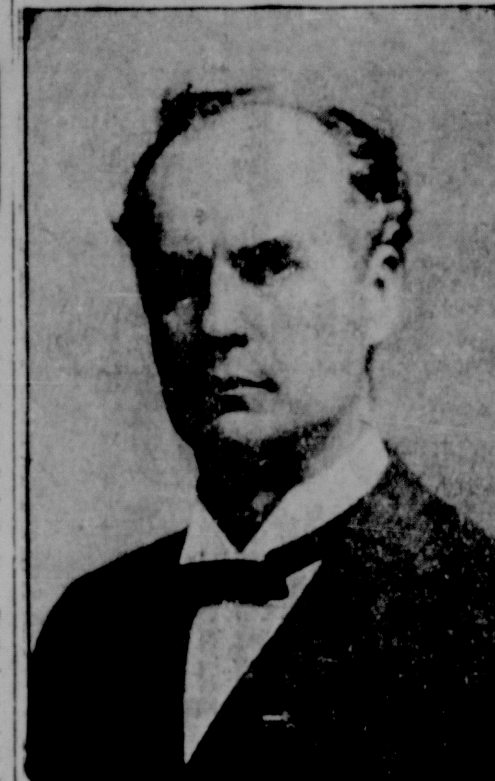

TWO THOUSAND DELEGATES EXPECTED AT COLUMBUS GATHERING JUNE 4.

A. S. WATKINS WILL SPEAK

Every County in Ohio Will Send Delegates To State Prohibition Convention—Greatest Gathering of Party Ever Held in Buckeye State.

Columbus, O.—(Special.)—Delegates from every county in Ohio will attend the Prohibition state convention to be held in Columbus, June 4 and 5, inclusive. It is expected that there will be over two thousand delegates in attendance at this notable gathering. There will be a splendid program, including many prominent speakers. The keynote speech will be delivered by Dr. A. S. Watkins, Ada, O., vice presidential candidate in 1908 and 1912.

The water-wagon program has become attractive. It figures most prominently in politics. Some political parties are now busy seeking candidates who are dry enough to win the temperance votes and damp enough to win the liquor votes. If such candidates are elected to office, they will have a divided support, thus making progressive legislation impossible. One political party is now seeking candidates who are dry enough to win all the temperance votes and lose all the liquor votes. If such candidates are elected they will have a united sup-

port, progressive legislation will be the logical result, and the government will be administered from the standpoint that the liquor business is wrong. The most prominent men in all walks of life have declared that the saloon must go. Thus the Prohibition State Convention has been called to recommend candidates for nomination on the state ticket who will be supported by all the temperance voters of the state. And as the temperance people are in the majority, such a ticket should be a winner.

This convention will be a mass meeting and every prohibitionist present will have a voice in the proceedings. The keynote speech will be delivered on the afternoon of the first day by Dr. A. S. Watkins, Ada, O. He is one of the foremost educators and statesmen in our state to-day and will have a vital message for every one who hears him on the relation of the liquor traffic to our governmental machinery.

State Chairman R. R. Roberts, after making a tour of the state, holding county conventions and doing preliminary work preparatory to the great state gathering, is planning for the biggest convention in the history of the state. Citizens of Ohio are wide awake on this burning issue which has thrust itself into politics so conspicuously these latter days, and thousands of voters during the past few months have signed this declaration, "God being my helper, no political party or candidate not declaring for the destruction of the liquor traffic can have my support or vote." This only proves that the people are learning the evil effects of the liquor business upon our political bodies as well as our physical bodies, and they are now ready to attend a state mass convention to prepare for united action.

National Chairman V. G. Hinshaw, of Chicago, who is just closing a campaign in which he raised a \$250,000 fund for the National Committee, will speak on the evening of the first day, giving all the delegates present a view of the national situation, in order that we may be inspired to do even greater things in our own state.

Prof. A. M. Thatcher, of Columbus, who is acknowledged by press and public as the greatest platform singer in America, will have charge of the music throughout the convention. As a basso soloist he is without a rival. It would be worth your while to come all the way to Columbus just to hear this great artist sing.

Gubernatorial timber is forthcoming. Several names have been mentioned for the head of the ticket. Two of the most prominent men are V. A. Schreiber, mayor of East Liverpool, and Prof. J. H. Dickason, of the State Agricultural College at Wooster. Dr. A. S. Watkins is the only name that has been proposed thus far for the United States Senate.

Prospects for a lively convention are bright, as is evidenced by the interest manifested. If you are interested in the economic, social, or governmental welfare of your state, you can't afford to miss the Columbus convention, June 4 and 5, which has been called for the purpose of inaugurating in the state of Ohio a program for clean government.

SHACKELTON TO MAKE TEST OF HIS NEW OUTFIT

By Associated Press.

London, May 23.—With the thoroughness which has always characterized his work, Sir Ernest Shackleton is about to make a preliminary trial expedition under Arctic conditions in the glaciers of Norway. This will be for the special purpose of testing the rations for his trip across the Antarctic continent, which he hopes to make in four and a half months time. No party ever started out, without having food depots, to make such a distance as that in a straight line, but Sir Ernest and his men have made special preparations for the attempt.

They have, with the aid of the Royal Army Medical Corps, evolved the "perfect ration." It will average only 35 ounces daily, as compared with the three pounds or more consumed by the average man, but it is believed it represents the highest nutritive value for polar travel.

Sir Ernest will be accompanied by five members of his staff when he goes to Norway to conduct experiments with these rations and also test his tents and motor sledges. The party will don polar kit and travel among the glaciers. While the cold will not be as intense as in the polar regions, the country will furnish the same sort of sudden blizzards as are experienced in the Antarctic.

The party will test the effect and potency of the rations in most detailed fashion. Such an experiment never has been made before.

Shackleton's new ship, the Endurance, has been almost completely fitted in Norway and will arrive at the London docks this month. She is eighteen feet longer than his last ship, Nimrod. She is a beautiful specimen of wooden ship building, and probably the last of her class that will be constructed. Her whole keel is made of solid oak five and a half feet thick, and her sides are two feet thick.

The dogs, which constitute an important factor in the expedition, are a cross between a wolf and a Scotch stag hound, and have been bred in northern Canada. The lightest of them will turn the scales at eighty pounds whereas the heaviest dog with the last Shackleton expedition weighed 45 pounds. They have been selected by the experts of the Hudson's Bay Company, and will be under the charge of one of the most experienced drivers from Canada, who was chosen by the Commissioners of the North West Mounted Police.

CITY CANNOT CHANGE TIME

Cincinnati, O., May 23.—City Solicitor Schonele submitted an opinion to city council that the passage of the proposed "more daylight" ordinance, providing for a change from central to eastern time in Cincinnati, would be invalid. He points out that any change in time would be in violation of section 5979, which legally establishes central time in Ohio. In Schonele's opinion Cleveland, even under the home rule clause, has no right to abrogate the state law fixing the standard of time.

DIED INSTANTLY

Cincinnati, O., May 23.—While standing on the edge of a pit in which one of the piers of the Hopple street viaduct is to be built, Superintendent of Construction John C. Sloan lost his balance and fell in. Sloan's head struck a double-jawed diet bucket and he was almost instantly killed.

Justice for Those Who Toil

The columns of the newspapers one day this week contained, among others, two items of news worthy of more than passing attention. Those two news items should cause the people of Ohio to pause and consider the change in social conditions which their publication records.

One story related to a workman in Columbus who was totally disabled as the result of an accident in a big manufacturing plant in which he was employed.

The state Industrial Commission granted to this man the head of a family \$3646.75 in cash and \$9 a week for the remainder of his life.

The other news item related to the accidental killing of a man, also the head of a family, by a live electric wire.

The State Industrial Commission allowed to the widow of that man \$3297.84, payable at once, with which to purchase a home for herself and her five children orphaned by the accidental killing of the husband and father.

The people of Ohio have cause to sincerely congratulate themselves that social condition have so changed in this state that news like that can be truthfully published.

Only a few months ago the injured workman who was totally disabled and the widow and children of the other unfortunate who met death while engaged in his daily vocation would have faced the uncertainties, the expenses and the vexations of a long drawn out lawsuit, dragging through all the courts.

If successful in receiving a judgment after years of battling with the skilled lawyers of a rich liability insurance company the amount finally awarded would have been greatly reduced by the payment of court costs and attorney fees and during the time the plea for justice was slowly dragging through the courts, the injured workman and the widow and the orphans would have been compelled, handicapped through no fault of their own to wrest a meager living from the world.

Can any man question that the change is for the better.

The state of Ohio—organized society—through the medium of the compensation law is protecting the army of men who toil in the mills and factories.

There never was a more humane law—never a law which in its provisions tended more forcefully and more directly at real and substantial social justice—written on the statute books of this or any other state than the workmen's compensation law.

In its enactment the law-makers of Ohio have proven that they recognized the existence of a right in the toiler and the wage earner whose dependents, if left alone in the world, are not equal to the task of battling for justice with powerful corporate interests, to demand justice at the hands of society.

The debt which the state owed to the vast army which toils daily for its daily bread, has been materially reduced by the enactment of the compensation law.

The benefits which flow from that law to all classes of organized society and to the state itself can scarcely be overestimated.

The direct benefit to the unfortunate victims of accidents is not greater than the indirect benefit which the employer and the state itself receive.

And this change for the better in social conditions entails less cost than was exacted from employers under the old order of things.

NO DISTINCTION MADE FOR ROYALTY

By Associated Press.

Berlin, May 23.—If the Emperor desires sausages for his Sunday evening meal, he can buy them the night before, just like any common citizen, or else go without. The law regulating sale and delivery of goods on Sunday apply to the ruler in the same degree as to his meanest subject.

This is the decision of a Prussian court in the case of a sausage dealer who appealed from a fine of \$1.25 for violating the Sunday observance laws. One Sunday morning, shortly before 10 o'clock, the hour at which all shops in Berlin must be closed, the Emperor's private cook telephoned from the New Palace at Potsdam an order for sausages for the imperial table. The dealer loaded the desired wares on his delivery wagon and started it for the railroad station. On the way thither the delivery-man was stopped by a policeman, who inquired why he was violating the law. The representation that the Emperor was waiting for the sausages had no effect on the policeman, and the result was the fine for the merchant.

On appeal the merchant set forth that his action came under the sav-

STREET FALLS INTO OLD FIRE CISTERN

Without any warning, the street over the old fire cistern on East Main street in front of Zion Baptist Church, collapsed shortly after 2 o'clock Thursday afternoon. A section of the street about thirty by twenty feet fell into the cistern which contains a large quantity of water. Fortunately no person was caught in the collapse, although there were several people close to the spot. Men in the neighborhood sailed up a temporary board protection about the place, and then notified Service Director Whitmer. The caved in section is within three feet of the street car track.—Xenia Gazette.

STATE G. A. R. ENCAMPMENT

PARADE WILL BE A FEATURE

Posts and Associate Bodies of Western Pennsylvania and West Virginia Will Join Comrades of Ohio During Gala Week—Thirty Committees Are Hard at Work Preparing to Make Comfortable Thousands of Visitors.

The presence of not less than 12,000 people, including probably President Woodrow Wilson and a score of other men nationally prominent, will feature the forty-eighth annual Ohio state G. A. R. encampment to be held in East Liverpool, June 22-25, 1914, according to official information released by the secretary of encampment executive committee, H. B. Barth.

Governor James M. Cox of Ohio, Governor H. D. Hatfield of West Virginia, Governor John Tener of Pennsylvania, ex-Senator J. B. Foraker of Cincinnati and Comrade Washington Gardner, commander-in-chief G. A. R. of Detroit, are but a few who have already accepted invitations, while the encampment committee is exceedingly optimistic as to President Wilson's disposition of the formal invitation that will shortly be tendered that executive.

A Distinguished Multitude.

The Pennsylvania Railroad company is awake to the imminence of the approaching meet and unsolicited has made requisition on the East Liverpool charges de affairs for 3,000 advertising circulars which the company will post in as many passenger depots throughout the state. Excursion rates, an institution with but few Ohio precedents since the two-cent mileage law, have been awarded Chairman W. H. Surles and his industrious colleagues, and in the meantime G. A. R. posts and associate bodies in western Pennsylvania and West Virginia are pouring in their acceptances of requests to join their Ohio comrades during the gala week.

The thus far completed list of orators will speak at the various encampment meetings comprises a most

Citizens Hard at Work.

Committees on transportation, reception, finance, entertainment, illumination, campfire, public comfort, decoration, etc., are now holding meetings daily at Chairman Surles' and Secretary Barth's headquarters on Fourth street, and the volume of business transacted is tremendous. Stenographers are maffing out hundreds of letters every week, and details generally are being completed for what is expected to be the record convolve of Ohio's old soldiers.

Thirty committees, averaging a number of individual workers apiece, are already on the job. The personnel of the executive committee is as follows: W. H. Surles, chairman; George C. Thompson, vice chairman; H. B. Barth, secretary; J. H. Brookes, treasurer; Colonel John N. Taylor, N. A. Frederick, B. C. Simms, John Robinson, H. A. McNicol, H. N. Harker, George S. Goodwin, J. G. Lee, George C. Thompson, R. E. Spencer, T. V. Milligan.

ervations, have made apparent the fact that the city's best homes will be opened to the throng of visitors.

Official headquarters have already been secured in East Liverpool for the auxiliary bodies of the G. A. R. who will attend the encampment. The G. A. R. body proper and the Woman's Relief Corps will have headquarters at the First Presbyterian church; the Sons of Veterans will have their business headquarters at the Thompson House, and will probably have their encampment at Columbian park; the auxiliary of the Sons of Veterans is to have headquarters also at the Thompson House.

Only a partial program of the week's activities has so far been completed. On Tuesday, June 23, the department officers of the Woman's Relief Corps will formally present a handsome United States flag to the East Liverpool high school. In the afternoon the Ladies of the G. A. R. will present a life-size portrait of Abraham Lincoln to the Carnegie public library.

Two Spectacular Parades.

On Wednesday morning, June 24, the first business sessions of all G. A. R. associate bodies will be held. The G. A. R. convention will be held in the Ceramic theater; the W. R. C. at the First M. E. church; Ladies of the G. A. R. at the First Presbyterian church; Sons of Veterans at the Patterson hall; Daughters of Veterans at K. of P. hall, and the Ladies' auxiliary to the Sons of Veterans at the S. of V. hall.

One of the chief features of the week will be the monster parades on Wednesday and Thursday. Hundreds of automobiles, practically every car in the city, will take part in the gorgeous floral pageant Wednesday morning. The annual military pageant will take place Thursday morning and all old soldiers unable or not desiring to walk will be taken in autos. Also in the line of march will be 25 bands and drum corps, veterans and Sons of Veterans from Ohio, western Pennsylvania and the Panhandle district of West Virginia.

While the military procession is in progress there will be an efficient medical corps, headed by Dr. C. H. Bailey, on hand to look after the comfort and safety of the civil war heroes. The route of the parade will be shorter than usual and commensurate with the increasing years of the participants.

Some Campfire Forensics.

The campfire will be held at the Ceramic theater on Wednesday evening. Commander-in-Chief Gardner of the G. A. R. will be the principal speaker on this occasion. The final business session and another big campfire is scheduled for Thursday at Ceramic.

PLANK BREAKS THREE DROWN

New York, May 23.—As bells were sounding the second call for all ashore just before the hour scheduled for the new liner Frederiek VIII to leave her pier at Hoboken, a steerage gangplank crowded with men, women and children broke and spilled overboard at least seven persons, of whom three were drowned. The steamer's decks were jammed to the rail and over 3,000 persons elbowed one another into the pier. The cracking of the gangplank created a panic, and only by the most vigorous work did the steamship line's pier employes prevent excited ones from pushing others overboard. The dead: Mrs. Anna Edwardson and daughter Helen, 3, and unidentified girl of 4.

CLASS DAY EXERCISES OF EXCEPTIONAL BRILLIANCY

Clever Originality Marks the Senior Class Day Exercises, First Ever Held in New High School Auditorium.

GRADUATING CLASS A RECORD BREAKING ONE

Packed Auditorium Applauds Exercises Which Are Pronounced Departure From Former Programs—Most Brilliant Event of Its Kind Ever Held in Local Schools—Many New Features Receive Approval of Responsive Audience.

The class of 1914, the largest class in the history of the Washington C. H. High school, perpetuated its memory in the unusual features and marked originality of the Senior Class Day exercises in the High school auditorium Friday night.

The taking departure from the stereotype added new luster to a class that has created for itself prestige in the line of diverse attainment.

There is always a special attraction about Class day, bringing as it does, the graduates into peculiar intimacy with the audience and imparting an enjoyable touch of the school spirit of youth and fun as it associates itself with the solid work of the school period.

The brilliantly lighted auditorium, holding a fine audience that taxed its capacity, impressed anew its advantages to successful school work and entertainments.

The auditorium is sufficiently decorative in itself, but festoons of the class colors, royal purple and silver and the "Sibyl tree", which took its part in the evening's program, added adornment to the stage.

Miss Lillian Davis, a genuinely talented young artist, whose work as accompanist in the Pinafore opera, brought her at once into the limelight as a coming pianist, opened the program with two beautiful piano renditions (a) Staccato Caprice, Max Voglich; (b) Hungarian Dance, McDowell.

Wilbur C. Adams, president of the class of 1914, was greeted with a round of applause as he came forward to make the inaugural address.

The president presented greetings from the largest class in the history of the High school and, according to his modest boast, the greatest class to enter the alumni—a class which is ambitious to make a stir in affairs and to develop the new idea that man is sent into the world to reach the highest degree of efficiency. Talent is not sufficient; labor is equally necessary for big accomplishments.

The class of 1914 stands upon the platform that success is growth in all things, the broader vision, the keen brain and the heart of sympathy to aid those on the lower round of the ladder.

The first class to graduate from the new building, the president expressed the hope of the class that it would be worthy of this splendid new building, for which it was indebted to the public, and its gratitude for the chance to make good in the Washington High school.

A fine, manly fellow with easy bearing, and excellent delivery, the president of the class of 1914 left a most favorable impression upon the audience, and his address was admirably pertinent in its subject matter.

Miss Urcell Porter, class historian, was a typical girl graduate, charming and pretty in her presentation of the class history.

As "every history has a preface," Miss Porter introduced this one with an exceedingly clever and amusing demonstration of the first grade work under Miss Anna Bell, in which nine of the Seniors gave a scene typical of their school beginning.

The little scene created hilarious mirth and was decidedly a "hit". Nine dignified Seniors assumed the role of "kindergarten babes", the girls with long curls and braids, hats with streamers, sashes and aprons; the boys in Fountelroy suits, sailor collars and flaming ties. Both make-ups and impersonations were great. They came to school with all the reluctance and tears of the first time, to be soothed by the wonderful primary teacher who always wins her pupils affection; they sang kindergarten songs in funny little voices, went through kindergarten exercises and afterwards were sent home to their mothers amid laughter and applause.

The "kindergarten babes" were Ada Woodward, Senneth Kellough, Dorothy Fullerton, Wanda Wolford, Ruth Davenport, Urcell Porter, Dor-

othy Saxton, Wilbur Adams and Robert Rothrock.

The young historian then took up the later history of the class in highly entertaining vein, sketching the various epochs of the 1914 High school career of the 47 members of the class of 1914, notably its Glee club connection, the Opera Pinafore and athletic work, and incidentally handing a few bouquets to the teachers who had smoothed the way to the goal. It was a delightful history thoroughly appreciated.

Frank Thornton, the bright young class poet, gave pleasing recital to a clever original poem, reminiscent in its trend, and of good meter. The class felt quite proud of its poet.

The futures of the class of 1914 were revealed in the "Prophecy of the Cumaean Sibyl", with Miss Dorothy Fullerton a Sibyl who might have stepped from among the Greek goddesses, so fair and lovely was the prophetess in her trailing robes of white and white fillets binding her golden hair.

Inspired by "holy fire of the prophetic spirit", the Sibyl plucked from her tree of fate, leaf by leaf, knowledge of the future.

The class was seated on the stage and each graduate came forward to learn his or her fortune, an idea which met with unqualified approval, introducing each member of the class.

No class prophetess ever received a more enthusiastic ovation. To forecast the future of 47 graduates is a task for a Hercules rather than a Sibyl, and it was done with positive genius, the field of the world's activities covered with ready wit and apropos hits.

Miss Marguerite Dailey appeared as a dignified class lawyer in cap and gown and delivered an original class will highly creditable to the writer, who is deemed one of the brightest students of the class. It was throughout spiced with wit and a humorous document creating mirth galore in its bequests from Seniors to Juniors.

The Glee clubs contributed several beautiful numbers to the program. Both girls and boys' clubs have done splendid work and have shown a commendable spirit of willingness to respond to the efforts of their talented directress, Miss Elizabeth Sheen, supervisor of music in the schools.

The number by the Boys' Glee club, "The Beautiful Ship from Toyland", with solo by Paul Craig, made an especial hit and when the boys reappeared to sing the popular solo and chorus, "I'm Captain of the Pinafore," they were again recalled.

Two Graphonola numbers in which world famous artists poured forth song, were enjoyed feature of the program. This was the first time the High school had used its fine new graphonola.

A beautiful class song, written by Frank Thornton, closed the program. Miss Lillian Davis, was the evening's accompanist.

The class day program was carried out to its entire success with the aid and encouragement of Supt. Wm. McClain, Principal Probasco and the High school faculty.

Commencement will be held Thursday night, June 5th.

After the program the class planted the "tree of the Sibyl" on the front lawn, enjoying the weirdness of the planting by night.

SUNDAY SCHOOLS TO PLEDGE THEMSELVES

Two automobiles, containing committees of prominent men in the interest of the Y. M. C. A. financial campaign made a sweeping canvas of the county Saturday afternoon, visiting all pastors and Sunday school superintendents, instructing them to pledge themselves Sunday as to whether or not they would enter actively into the campaign work.

In the car of Mr. George Jackson were: Rev. F. E. Ross, this city; Rev. F. M. Moore, of Bloomingburg, and Mr. Ray F. Zaner, Messrs. A. F. Hopkins, M. E. Hitchcock, J. Howard Hicks and A. F. Hopkins occupied the Hopkins' car.

TRAIN OF TROOPS

The B. & O. handled another train load of regular army troops this week, bound for St. Louis, to be rushed from thence to the Mexican border to await final outcome of present peace negotiations.

A car load of soldiers was also handled Thursday, enroute from Cincinnati to New York, to sail from thence to Vera Cruz.

ERNEST WOODMANSEE MEETS TRAGIC DEATH AT HIGHLAND

Ernest Woodmansee, aged 27 years, a former resident of this city, met a horrible death under the wheels of a B. & O. train at Highland, a few miles from Leesburg, Friday, his head being completely severed from the body and was found a rod or more from the mangled body.

The train crew of a freight discovered the mangled remains near Highland, and it is believed that he met death under the fast mail train which passes through Highland at a very early hour.

One report states that the man is believed to have deliberately placed himself in front of the approaching train, with his head upon the rail, in order that his life might be ended.

The deceased has been married two or three years, his wife being a daughter of James Adams, of Highland.

Soon after their marriage they went to housekeeping on the corner of West Market and Hinde street in this city, and Mr. Woodmansee was employed in this city for about one year. He then moved to Springfield, but later moved back to Highland, where his tragic death occurred Friday.

While in this city the young couple made a large number of friends who will be shocked to learn of the sad death of Mr. Woodmansee.

It is understood that funeral services will be held at Highland, Sunday afternoon.

MANY KILLED BY AIR FROM BULLETS

By Associated Press.

Paris, May 23.—Curious confirmation of the belief that men can be killed and wounded by the wind of passing projectiles was given in a paper by Professor Laurent, of Brussels, read recently before the French Academy of Science.

M. Laurent declared that several cases had come under his notice during the Balkan wars of soldiers who showed symptoms of cerebro-spinal disturbances though they had no wound of any kind. The symptoms were fainting, a tingling sensation and even partial paralysis. In the more serious cases the victims became cataleptic. Sometimes death resulted. In the latter cases autopsies were performed which failed to show any nervous lesions. It then appeared to Professor Laurent that the vibrations of air produced by the passage of a ball and the sudden variations of atmospheric pressure affected the nerve cells and caused the phenomena of inhibition. Professor Laurent recalled that during the war in Manchuria Dr. Matignon had also observed nervous inhibition produced by cannon balls. Since the

speed of modern projectiles has been increased and they have become more important to warfare, Professor Laurent looks for a large number of cases of the kind indicated during conflict.

FINDS DEAD DEER

Deputy Game Warden H. Litter, while at work in Ross county a day or two ago, found the body of a deer which had evidently been shot and its carcass thrown upon a brush heap. It is supposed that the animal is the one seen in this county, and originally escaped from Yoctangee park during the flood one year ago last March.

VERY LITTLE CHANGE IN RATE OF SPEED

When the new passenger service is installed on the D. T. & I. beginning June 1st, the rate of speed made by the new cars will be about the same as that of the present schedule, although the cars may later be speeded up when the road is placed in better condition.

At the present time the schedule between this city and Greenfield is 29 minutes. This remains practically unchanged.

MEN'S RALLY DAY.

A unique feature will be introduced in the Christian Bible school next Sunday. It is "Men's Rally Day", and is a part of the general "advance campaign" that that school has been conducting for several months. One hundred men are expected to be present and participate in a Men's class demonstration. All men, who are members or friends of the school, or members of no school are asked to be present. Everybody will be welcome.

GUN IS RECOVERED FOR WILD WEST MAN

A valuable 38 Smith & Wesson revolver, the property of one of the members of Harry Hill's Wild West Show, was stolen from the pocket of the owner Friday afternoon, and complaint was made to the police.

Officer Baughn made an investigation and found the gun, which was in the possession of Isaac Bennett, to whom it had been given by a companion whose name the lad did not learn.

The gun had been removed from the pocket of one of the showmen.

PASSENGER FINED \$1 AND COSTS

A man giving the name of S. A. Howard, of Cincinnati, who was aboard B. & O. passenger train No. 108, Friday evening, was turned over to the police of this city on a charge of indecency alleged to have been committed aboard the train.

The man, who had not been drinking, and who was well dressed and apparently well-to-do, was much embarrassed over the accusation, claimed that so far as known he was not guilty. However, in order to obtain release from the charge he entered a plea of guilty and Mayor Coffey fined him \$1 and the costs, which he paid.

PLANS COMPLETED FOR BIG BANQUET

Preparations for the big Y. M. C. A. banquet to be held Tuesday evening, June 2, and which is to mark the launching of the eight-day effort for \$25,000, are about complete. Yesterday, Manager C. H. Griffiths, of the Cherry hotel took the contract for the catering and conducting of the event and the reputation of the Cherry in the matter of banquets insures that the affair will be one of the most elaborate of the season.

The banquet is to be held in the Y. M. C. A. auditorium and the attendance is expected to be large. Among the speakers on this notable occasion will be the Hon. Humphrey Jones, Bloomingburg; Hon. J. B. Foraker, Cincinnati; W. W. Davies, Delaware; A. H. Lichty, Columbus, and B. K. Smith, Rockland, Me.

JUNIORS BANQUET SENIORS, JUNE 5

Preparations for Annual Farewell Feast Nearly Completed—Date of Annual Commencement Ball Not Yet Set.

Arrangements have been made to hold the annual High school banquet, the parting expression of the Juniors to the Seniors, at the Cherry hotel on the evening of June 5, the Friday following the commencement.

The Juniors this year have a stupendous task on their hands. The matter of financing the banquet is not an easy one. The graduating class this year numbers 47 members, the largest class that ever graduated from the local high school. However, the Juniors are confident. At the "soda fount bazaar" held at the Baldwin drug store last week quite a neat sum was realized and with the chartering of two moving picture theaters for one evening entertainments this week or next, the difficulty will be solved.

No date has as yet been set for the annual June commencement dance, an event which has come to be one of the feature social happenings of the season.

TEACHERS' EXAMINATION.

The first examination for teachers of the city schools of Washington C. H., Ohio, will be held at the new High school building the first Saturday in June, 1914. (June 6). Examination will begin promptly at 8:30 o'clock. By order of the Board of Examiners.

BECKER MUST DIE IN ELECTRIC CHAIR

New York, May 23.—For the second time Charles Becker was convicted of the murder of Herman Rosenthal. The jurors were in absolute agreement on their one ballot after only 40 minutes of actual deliberation.

They could have saved Becker's life even in finding him guilty if they had wanted to show mercy. Justice Seabury had told them they could choose among three degrees of murder, and two of these degrees would have meant imprisonment. But they believed that Jack Rose told the truth when he said that Becker ordered, arranged and paid for the assassination of the gambler who was about to ruin him.

Becker's counsel was shockingly disappointed at the verdict. They had hoped for acquittal. They build up positively upon a disagreement. But they never thought there was a chance in the world that 12 men, after the court of appeals decision, would ever send Becker to the chair.

Five ballots were taken before the jurors were in agreement as to conviction for murder in the first degree. This conclusion was not unan-

mous until after a great deal of argument in which the credibility of witnesses was weighed.

Mr. Manton believes that he has strong grounds for asking further consideration of the case by the court of appeals. "We shall appeal at once," he said. "That goes without saying. There are ample grounds."

Becker heard of his doom without displaying any emotion.

Justice Seabury, after brief consideration, announced that Becker would be remanded to the Tombs until May 29, when he would be sentenced.

A reporter who knew Becker said to him: "Lieutenant, I am sorry for you."

"I am sorry for myself," said Becker, but his voice was even and steady.

"Will you say anything about the verdict—about the appeal?" "Not a word."

The deputy sheriffs stepped to his side and marched him to the entrance to the passageway that connects with the Tombs. As they reached the door they slipped handcuffs around his wrists. It was the first time he had worn them for many months, but the verdict had changed things.

PRINCIPAL WITNESSES AGAINST BECKER SECOND TRIAL FOR ROSENTHAL MURDER

New York, May 23.—Three of the principal witnesses for the state against former Police Lieutenant Charles Becker at his second trial for the murder of Herman Rosenthal, the gambler, were Jack Rose, William Shapiro and Harry Vallon. Becker was accused of hiring the four gun men who were recently electrocuted at Sing Sing for the actual murder of Rosenthal. Becker was found guilty on his first trial, but was granted a new trial upon a technicality after a year in the Sing Sing death house.

REPEAL BY TEN VOTES

Washington, May 23.—Democratic leaders in the senate are confident that the Panama canal tolls exemption repeal bill and the arbitration amendments will be disposed of next week. Senator Kern, leader of the majority, said a vote would be taken May 28, or shortly afterwards, and added that the repeal bill would be passed by a majority of at least 10.

Opponents of repeal are not inclined to doubt that the bill will pass, but the vote on the many amendments which have been offered to modify its meaning will be watched with interest by senators on both sides. Prospects for the success of an arbitration amendment are acknowledged to have been dimmed by speeches of the last two days. The administration is said to center its support on the amendment proposed by Senator Simmons, declaring that the United States waives no rights over the Panama canal.

Sensors Chamberlain and Borah, both opponents of the repeal bill, made addresses in the senate.

BURTON IN OHIO

Cleveland, O., May 23.—Senator Burton arrived here from Washington today for the purpose of holding a series of conferences with his political friends on the Ohio senatorial situation. He has been told that former Senator Foraker is about to run away with the Republican nomination for senator. Burton got out of the senatorial fight with the primary object of defeating Foraker, but the information that he has received during the last few weeks has led him to conclude that his retirement has not helped matters. It is not thought Mr. Burton has any intention of becoming a candidate himself at this late day, but he is preparing to take a hand in the senatorial fight in order to stop Foraker, if that is possible.

SENATOR BURTON

Senator Burton is reported to have come back to Ohio for the purpose of taking part in a strong effort to prevent former Senator J. B. Foraker from "running away" with the Republican senatorial nomination. Mr. Burton is reported as having concluded that his retirement has not helped matters, but it is not thought that he will enter the race against Foraker.

BOTH SIDES SEEKING AN AGREEMENT

Columbus, O., May 23.—Ohio coal operators and miners will hold another joint conference in Columbus June 2 to attempt a settlement of their wage differences under the new anti-strike law.

This announcement was made following a conference of operators and miners with Governor Cox, at whose instance the meeting was called. The meeting was held in the executive chamber. The miners were represented by eight delegates and the operators by 15.

No attempt was made at the peace meeting to agree upon a wage scale. Various phases of the situation were presented to the governor and discussed at length. That both sides are anxious for an early agreement is said to be apparent by reason of the readiness to call another joint conference. The governor promised to use his influence in helping to bring both sides together and stop the tremendous losses that are being sustained by both sides. The losses are estimated at \$5,000,000 weekly.

"The differences are not so great but what they will be adjusted satisfactorily soon," declared Senator William Green, secretary of the national miners' federation. He did not participate in the conference, however. The miners are demanding 49 cents per ton for machine-mined coal. The operators, so far, have refused to offer more than 42 cents per ton. Machine-mined coal represents about 90 per cent of the total output in the state.

Operators present at the meeting were: E. E. Fox, Massillon; O. A. Cage, Zanesville; H. J. Chauman, Co-

lumbus; E. A. Cole, Columbus; W. R. Woodford, Cleveland; W. F. Upson, Newark; W. H. Haskins, Coshocton; S. H. Robbins, Cleveland; H. E. Willard, Cleveland; George H. Jones, Toledo; W. L. Timmons, Zanesville; W. H. Bennett, Nelsonville; Wayne Collier, Newark; C. E. Maurer, Ravenna.

SILLIMAN IS COMING HOME

Washington, May 23.—Vice Consul John R. Silliman reached Mexico City in safety and will start on his journey for the United States. Silliman, for whom the state department has been making frantic inquiry and search ever since the first reports several weeks ago of his incarceration in the jail at Saltillo, is now in the Brazilian legation in the Mexican capital. The information of Silliman's safe arrival was telegraphed to the state department by Senor Cordosa. The purport of the telegram was made public by Secretary Bryan. It is understood that armed guards from the legation, carrying the Brazilian flag, will accompany Silliman to Vera Cruz, as was done with several hundred American refugees leaving Mexico City.

SISTER: READ MY FREE OFFER!

I am a woman. I know a woman's trials. I know her need of sympathy and help. If you, my sister, are unhappy because of ill-health, if you feel unfit for household duties, social pleasures, or daily employment, write and tell me just how you suffer, and ask for my free ten days' trial of a home treatment suited to your needs. Men cannot understand women's sufferings. What we women know from experience, we know better than any man. I want to tell you how to cure yourself at home at a cost of about 12 cents a week. If you suffer from women's peculiar ailments causing pain in the head, back, or bowels, feeling of weight and dragging-down sensation, falling or displacement of pelvic organs, causing kidney and bladder weakness or constipation and piles, painful or irregular periods, catarrhal conditions and discharges, extreme nervousness, depressed spirits, melancholy, desire to cry, fear of something evil about to happen, creeping feeling along the spine, palpitation, hot flashes, weariness, sallow complexion with dark circles under the eyes, pain in the left breast, or a general feeling that life is not worth living.

I INVITE YOU TO SEND TODAY FOR MY FREE TEN DAYS' TREATMENT

and learn how these ailments can be easily and surely conquered at home without the dangers and expense of an operation. When you are cured, and able to enjoy life again, you can pass the good word along to some other sufferer. My home treatment is for young or old. To Mothers of Daughters, I will explain how to overcome green sickness (chlorosis), headaches, irregularities, and lassitude in young women and restore them to plumpness and health. Tell me if you are worried about your daughter. Remember, it costs you nothing to give my home treatment a ten days' trial, and does not interfere with daily work. If health is worth asking for, then accept my generous offer and write for the free treatment, including my illustrated booklet, "Woman's Own Medical Adviser." I will send all in plain wrappers post-paid. To save time, you can cut out this offer, mark your feelings, and return to me. Send today, as you may not see this offer again. Address,

New York Sport Letter

By Associated Press.

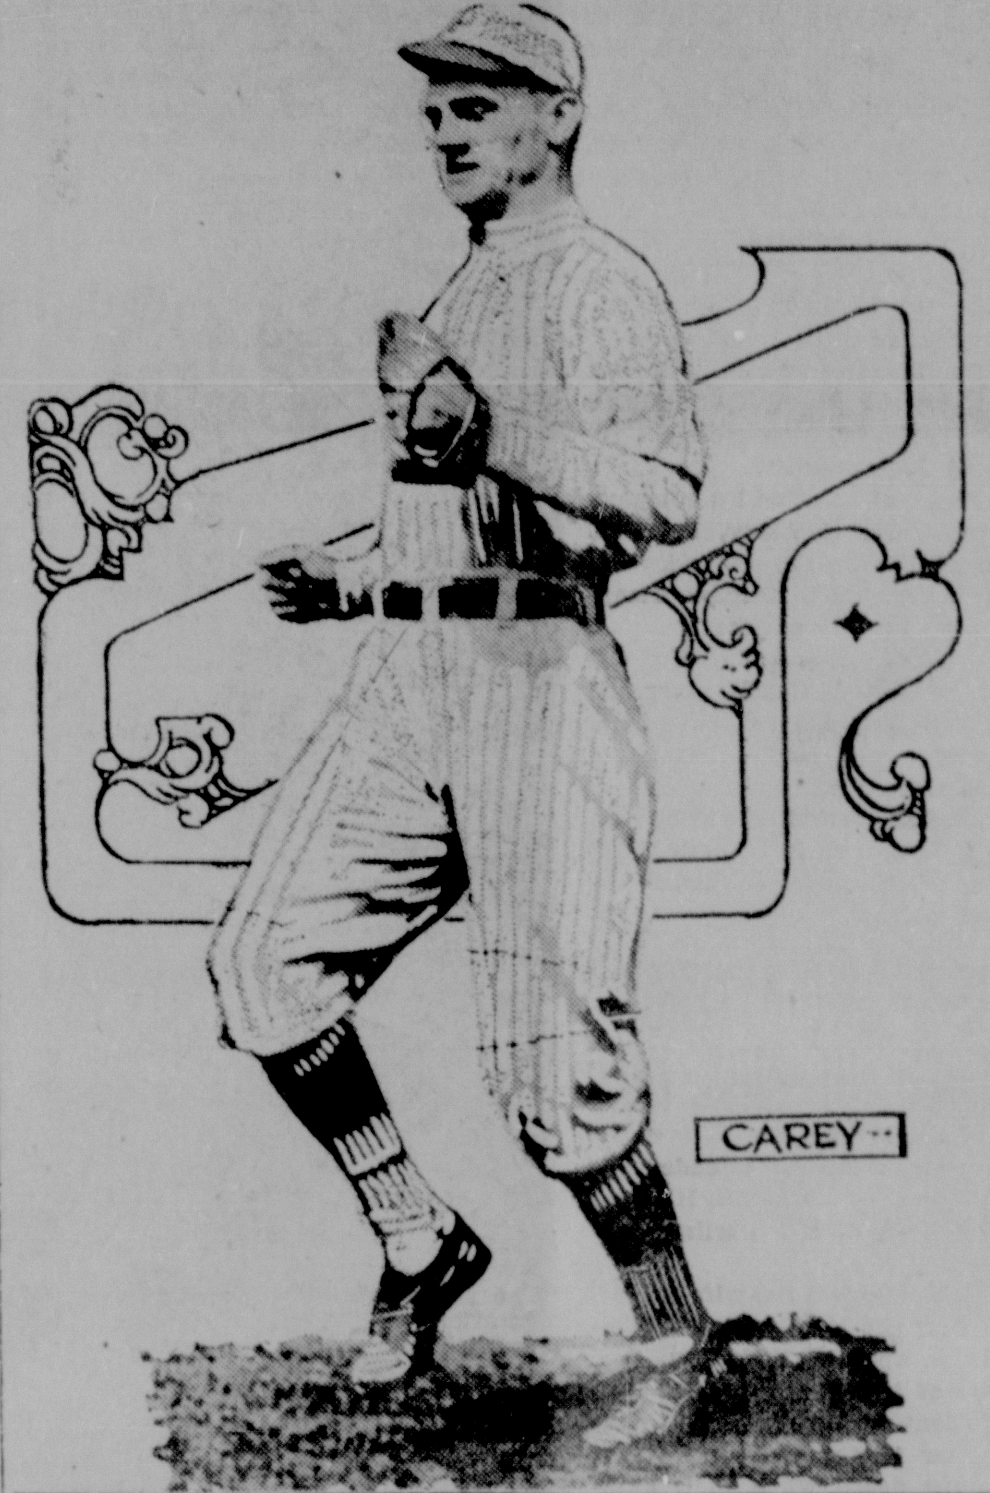

New York, May 23.—With the sailing of the English polo team for this country today the American polo authorities will be relieved of anxiety regarding a situation which at times promised to develop a fiasco in the first of the international team contests of the present season of sport. Less than ten days ago it appeared as though the match was to fall through owing to the inability of Lord Wimborne to secure a representative team to compete for the cup challenged for by the Hurlingham Club. Great pressure was brought to bear upon the factions whose petty bickerings threatened to disrupt the team and the party which sails today includes the following players and substitutes: Captain H. A. Tomkinson, No. 1; Major T. Y. D. Bingham, No. 2; Major F. W. Barrett, No. 3; and Captain Leslie St. C. Cheapeback with Major B. H. Mathew-Lanowe, and Baron Wimborne as substitutes.

While this team is admittedly not the best combination in England, having been repeatedly defeated by Walter S. Buckmaster's four in practice games, it includes players who are ranked with the leaders of English polo. Whether this combination is strong enough to wrest the International Polo Challenge Cup from the possession of the American defenders is a question which it being argued in polo circles throughout the two countries. Experts maintain that it is not as strong as the English team of 1913 and the same contention is held when the American teams of 1913 and 1914 are compared. There is no denying the fact that the withdrawal from active play of Captain Harry Payne Whitney weakened the Meadow-Brook four. Furthermore there is no substitute now being considered for his place who is within several goals of Whitney's class. Broadly speaking, both English and American teams as outlined at present appear to be 30 percent weaker than was the case last June, when the United States team won by 10½ to 7½ in two straight games.

Another United States delegate to the International Athletic Federation and International Olympic Games Congress sails for France today in the person of James E. Sullivan, secretary of the Amateur Athletic Union. According to Mr. Sullivan the A. A. U. will be represented at Lyons, France, by five delegates to the International Athletic Federation meeting June 4, and following days, and the American Olympic Committee by twice that number of delegates at

MAX CAREY MAKING STRONG BID FOR NATIONAL LEAGUE OUTFIELD HONORS

Max Carey, the premier outer gardener of the Pittsburg Pirates, is playing the game of his life this season and is making a big bid for the honor of leading his league next fall. Carey is a great natural fielder and is a very speedy man on the base paths, having led the league in pilfered pillows last year.

The Olympic Games Congress at Paris, June 13. These conferences, which are those of separate and distinct organizations, have a direct bearing, however, on the future of all Olympic and international track and field sports. One of the principal features of the I. A. F. schedule is the completion of an Olympic Game program which the Federation hopes the Olympic Congress will adopt or at least incorporate in its program for the 1915 games at Berlin.

Ability to break records in stadium building appears to be one of the necessary requisites on the part of successful construction concerns these days. Federal League baseball clubs and college athletic associations all demand speedy completion of stadiums when contracts are let. The case of the Princeton and Yale

PROPOSE FORM OF GOVERNMENT

Washington, May 23.—It is understood here that the mediators at Niagara Falls have proposed, pending the organization of a constitutional convention, a commission form of government, to consist of three men, one representing Carranza, one Huerta, and one possibly Zapata. President Wilson is said to favor a provisional government by five commissioners and the assumption that he would be given a voice in the selection of the commission. There is doubt whether Carranza will consent to consider any commission form of government. His agents here contend that such a government is unconstitutional.

BOY KIDNAPED

Findlay, O., May 23.—Police of this and neighboring cities are searching for three persons who kidnaped William Stout, 6, from the street in front of his grandmother's home. The boy's grandmother, Mrs. Martha Stout, with whom he lived, and children with whom he was playing, witnessed the kidnaping, which they say was executed by a woman, a man and a girl about 12 years old. The grandmother heard the little lad scream and saw the kidnapers driving away with him. The boy's father, Samuel Stout, is employed in a factory here. He was divorced from his wife last August and obtained the custody of the boy, their only child. The lad's mother is said to have married again and to be living in Cleveland or Painesville.

RESCIND ACTION

East Liverpool, O., May 23.—The Ministerial association, whose members recently refused to pray at the state G. A. R. encampment to be held here in June because former State Representative George E. Davidson, leader of the liberal forces and Ambrose Webber, a brewer, are on a committee, has rescinded its action.

BIG AGRICULTURAL LAND OPENING!

TWELVE HUNDRED AND FIFTY TRACTS of five and ten acres each to be granted to prospective settlers in throwing open **Two Hundred Acres of rich, Southern Georgia Land** for settlement. The land is in the heart of the great cotton and sugar belt, and is well adapted to the growing of celery, sweet and Irish Potatoes, canteloupes, water melons, corn, oats, cotton, hay—in fact all staple crops grown in this fertile section, as well as a large variety of semi-tropical fruits, and the famous immensely profitable paper-shell pecans.

Providing you are eligible under the classifications prescribed by us you are now offered an excellent opportunity to break away from the drudgery and toil of a small wage, or working for the benefit of landlords, and go back to a land of plenty to which, if granted, you will hold a warranty deed and abstract.

The best security on earth is the earth itself, and land is the basis of all wealth. Owners of productive lands are benefitting by the increasing high cost of living, while others are suffering from it.

An Opportunity to Secure Rich Productive Land Without Capital

You will not be required to leave your present surroundings now. All we ask of those to whom we grant tracts is that they plant, or arrange to have planted, a crop of one of the above-mentioned products within three years, after which we will have it operated (harvested and replanted) for grantees, in consideration of 25 per cent of the net profits derived from the sale of the crops, thereby allowing the grantee to pursue his or her present occupation until such time as they determine just what the yield of their acres amounts to. Consider what this may mean as a source of income, when statistics show that the yield of one acre of celery amounted to \$1,268.45, and that one acre of well-cared-for paper shell pecans in full bearing should net its owner as high as \$500.00 per year. We are of the opinion that after it is proven by actual results obtained in operating the land that they will need no further urging, and waste no time in locating in this land of plenty. We also require grantees to occupy the land within ten years, or sell it to some one who will occupy it; otherwise it reverts back to the grantor.

The land included in this opening is located directly on and adjoining the Atlanta, Birmingham and Atlantic Railroad, about twenty-five miles west of Brunswick, a thriving city of fifteen thousand, having direct steamship service to New York and Boston, and excellent railroad transportation facilities to all points. The average temperature for six months of the year, from April to October, is 77 degrees; and climate is most healthful, delightful and invigorating, and there is an ample rainfall of 51 inches per year.

Our Aim is For Mutually Beneficial Results

As we are extremely desirous of having settlers locate on this property and assist in its development, and thereby greatly increase the value of surrounding and intervening property, which we will hold, and to increase the traffic along the Atlanta, Birmingham and Atlantic Railroad, and along the Georgia, Alabama and Florida Railroad, and to facilitate the service, we feel warranted in granting these tracts to those who register with us. We also have in mind business and residence plots which we will offer for sale after the opening, but which will not be included in it. We have money-making afterward in consideration of this liberal-minded opening similar to those of the North-

PLEADS GUILTY IS SENTENCED

Kirby McCarty, who a few days ago entered a plea of not guilty to the charge of shooting with intent to wound Roscoe Vivens, on the night of February 11th, was taken before Judge Carpenter Friday evening where he changed his plea of not guilty to one of guilty.

Upon his plea of guilty, Judge Carpenter sentenced him to the Ohio Penitentiary for an indefinite period, not to exceed 20 years, and McCarty will be taken to that prison first of the week.

The indictment of carrying concealed weapons was nolleed. McCarty shot Vivens following a short altercation which occurred on East Court street.

SENATOR'S WIFE TO SPEAK HERE

Mrs. LaFollette Will Debate With Anti-Woman Suffragist.

ADVOCATES BETTER HOME LIFE

Is Charming and Versatile Woman and Has Won Fame For Herself in Various Fields of Activity—Everyone Should Hear Her Tell Why Women Should Have Right to Vote.

One of the most strikingly interesting women, prominent in the public eye in America today, is Mrs. Bella C. LaFollette, the charming, able and versatile wife of Senator Robert M. LaFollette, the militant progressive Republican leader of Wisconsin. Mrs. LaFollette, unlike many wives of celebrities, is not a mere minor star who shines by reflecting the great white light which beats about her distinguished husband, but has won fame for herself by her work in various fields of activities. As a contributor to the daily press and magazines of the nation her words have reached the minds and hearts of the best women of America, and in recent years her able and determined advocacy of equal suffrage has placed her prominently in the foreground as one of the ablest, if not the ablest, exponent of that great forward step in the political life of the country.

Perhaps the most appealing thing about Mrs. LaFollette, to the majority of women, is that, with all her manifold public activities she has never lost sight of the fact that a woman's first duty is to her home, and that in the rearing of a fine family of four children and the making of a home

MRS. ROBERT M. LAFOLLETTE. Ideal in all that goes to make up a real home, she has put added emphasis upon her basic argument for equal suffrage, "that it will make better homes." Desperately in earnest in her advocacy of everything which is near and dear to her, Mrs. LaFollette has entered heart and soul into the struggle for the ballot for women because she believes in precisely that argument: "It will make better homes." What a shibboleth, indeed, for a woman who has exemplified the highest art in the application of homemaking possibilities which are now hers, and who seeks, for her sisters, only added opportunities for better home-making.

A classmate of her distinguished husband in the University of Wisconsin, they were united in marriage shortly after their graduation. Their early life was a struggle, in which the wife was ever a helpmate. In addition to her duties in the home Mrs. LaFollette voluntarily began the study of law, in order to share more fully the labors and problems of her husband, and on one occasion, when illness prevented him from preparing an important brief for presentation to the supreme court, the wife performed the task, and so exceptional in its insight into and elucidation of the law was the paper prepared by Mrs. LaFollette that the court took occasion to commend the husband upon its presentation for what appeared to be his particularly able brief. In all of Senator LaFollette's campaigns she has been his enthusiastic partner, on numerous occasions taking the stump in his behalf.

The announcement that this distinguished woman is to appear upon our Chautauqua this summer will be hailed with delight, not alone by the women of this vicinity but by all our people. She comes here to engage in a debate on woman's suffrage, taking the affirmative of the proposition that women should be granted equal privilege with men, against Miss Lucy Price, Secretary of the Ohio Anti-Suffrage Association.

On this day, which will be known as Women's Day, Mrs. Glendower Evans, noted social worker and club woman of Boston, will share with Mrs. LaFollette and Miss Price the honors of the day.

ASCENSION SERVICES SUNDAY AFTERNOON

Tomorrow will be one of the most memorable days in the history of The Masonic lodge in Bloomingburg, as the Ascension services of the Garfield Commandery will be held in Bloomingburg, beginning at two o'clock.

Knights Templar and their families from this city and Greenfield, will go in a body to Bloomingburg, leaving this city about one o'clock in the afternoon, and making the trip by automobile.

In addition to the members of Garfield Commandery the Blue lodges from this and other points have been invited and many will go from this city, Mt. Sterling, New Holland, Sedalia and Jeffersonville.

The Imperial band will accompany the party from this city, and will furnish music for the services at Bloomingburg. All Knights Templar will be in full uniform.

The Masonic Blue Lodge No. 444 has invited Garfield Commandery and the various Blue lodges, and preparations have been made to extend a royal welcome to all guests.

The Ascension services will be held at the M. E. church in Bloomingburg with Rev. F. M. Moore delivering the principal address.

LARGE CROWD ATTENDS FUNERAL OF MRS. HILL

One of the largest crowds ever assembling for a funeral attended the double funeral of Mrs. C. E. Hill and little daughter, at Mt. Sterling, Friday.

Mrs. Hill, who was the wife of Rev. C. E. Hill of the Mt. Sterling Methodist church, and her little daughter, were two of the victims of the horrible accident which occurred at Ashville earlier in the week when six persons met death when their automobile was struck by a Scioto Valley traction car.

The funeral services were in charge of Dr. W. D. Cherington, district superintendent, while fully 25 other ministers were among the large crowd of mourners. Burial was made at Mt. Sterling.

FRED HALL GETS GOOD POSITION

Fred Hall, son of Mr. and Mrs. N. B. Hall, of Dayton avenue, and one of Washington's most popular young men, has secured a position in the employment of F. G. Warden, Ohio hotel magnate, for the coming summer months and will be located probably as clerk in the Hotel Metropole, Chicago, one of Mr. Warden's several large hostleries.

He has been attending school at the Starling Medical college at Columbus, and was fortunate in securing such congenial employment during his vacation. He goes to Chicago on the recommendation of Manager C. H. Griffith of the Cherry.

LANHAM PLAYERS CLOSE ENGAGEMENT TONIGHT

Before a thoroughly appreciative audience the Lanham players scored heavily in "Honest Hearts," a rural comedy drama Friday night at the Empire. This little company is undoubtedly the best that has been in Washington for many years.

For their closing bill tonight, "Zuleika, the Turkish Maiden," a farce comedy, will be the offering.

New vaudeville numbers will be introduced.

Two shows will be given, the first at 7:30 p. m. and the second at 9:00 p. m., so that every one will have ample opportunity to see them.

W. C. T. U. MEETING.

The local W. C. T. U. held an interesting meeting yesterday at the home of Mrs. Frank M. Kennedy.

It was a memorial service for our national president, Mrs. Lillian M. N. Stephens, who went to her reward April 6th.

In the business session preceding the service, arrangements were made to celebrate Flower Mission day, June 9th at the Infirmary and Children's home and one week later to decorate the Crusaders' graves.

Two papers were read on the life of Mrs. Stephens, portraying her beautiful Christian character and her devotion to the cause to which she gave her life.

Short tributes by senators and noted men who knew and loved our departed leader were read by several members.

Into rest and joy out of the cares and labors and perplexities of this life our sister has gone. Her faithful life will continue to be an inspiration to greater service.

MAKES INSPECTION OF SUNFLOWER LODGE

County Deputy Luther Brakefield, was in Jeffersonville Friday night to inspect Sunflower lodge, Knights of Pythias, of that place. A large number of Jeffersonville Knights were in attendance at the meeting, and the order was found in good condition.

Mr. Brakefield was accompanied by Messrs. Glenn M. Pine and Harry Baughn, of this city. Other Knights of Pythias lodges in the county will be visited by Mr. Brakefield within a short time.

Mr. Brakefield is proving himself a "live" county deputy.

MARRIED BY JUSTICE

Frankie Mongold, 37, farmer of Jasper township, and Etta Massie, 31, of the same township, obtained a license and were married at the Probate Judge's office at once.

The wedding occurred late Saturday morning.

Mrs. James DeMallie, of New York, who has been visiting Mrs. Mary Passmore and family, goes to Marysville Monday for a few days' visit with her father. She will return here the middle of the week.

The Daughters of the American Revolution will entertain with a Kensington at the home of Mrs. R. S. Quinn Monday, May 25, at 2:30 o'clock. All members are urged to be present.

The Reason.

The chief was berating a patrolman.

"Why did you let that crook get away from you?" he demanded. "You saw him enter the house?"

"Yes, chief."

"And you saw him come out?"

"Yes, chief."

"Then why didn't you dance right after him?"

"I did dance after him," protested the patrolman, "but you see he was using the tango and I was using the hesitation."—Judge.

VALLERY TRAINING STRING OF HORSES

Oscar Vallery, of Derby, formerly of this county, is training 21 head of choice horses, including the 1913 sensation, Royal Cadet 2:15½, who worked a mile one day this week, in 2:40, with the last half in 1:16. It is the best mile any of his string has worked this spring.

Florence McKinney, 2:11¼, a former world's champion, is working good this spring, and Mr. Vallery believes she will duplicate her performance as a three and four year old.

Mr. Vallery expects to ship eight head of animals to Virginia, early in July, where they will be campaigned for a few weeks before activities in this and other states.

WILL DROP BACK TO OLD PRACTICE

Beginning within a short time the practice of again transporting the Sunday Cincinnati Enquirer from this city to Frankfort and Chillicothe will be resumed.

This is due to the withdrawal of

the early morning train on the main line of the B. & O.

R. R. Cory will carry the papers from this city to Frankfort and Chillicothe each Sunday, until the early morning train on the B. & O. is once more resumed.

Mr. Cory will be in this city when the 4:19 train pulls in, and will then rush the Enquirers to their destination, using his automobile to transport the papers.

KAFFIR BOYS CHOIR IS UNIQUE ORGANIZATION

THE boys finally chosen for the Kaffir Boys Choir, who will appear here Chautauqua Week, are waifs. Mr. Balmer has never known the parents of but one child, and it is impossible to tell their ages. He has tried training boys of every tribe in Africa, and has never found one who could not be educated, although the progress of some are very slow. Strangely enough the boys of the company speak English perfectly, and in their musical work their enunciation is marvelous, every

word being easily understandable, in marked contrast to that of boys of our own country of similar age.

Elsie Clark, the musical director and pianist, was born in Kaffirland, South Africa, of Anglo-Saxon parentage, and is a brilliant musician and speaker. Miss Clark is a great African linguist, knows the natives and their customs exceedingly well, and tells their story in graceful and picturesque language.

Added interest is given to their appearance by the costumes worn by Miss Clark and the boys, made of

handsome leopard, cheetah, wild deer and skins of other animals native to South Africa, ornamented with priceless bead work and curios of many kinds.

Mr. Balmer and Miss Clark have performed a rare service in bringing to the civilized world such a concrete example of what Christian missionary service has done and can do for the native Africans.

The Kaffir Boys are one of the stellar attractions on our Chautauqua this summer, and their appearance here will be a feature event.

MEDIATORS' FIRST MEETING TONIGHT

Associated Press.
Niagara Falls, May 23.—Announcement was made shortly before noon today at the first full conference of the mediators and the American and Mexican delegates will be held tonight.

It was arranged at the request of the Mexican delegates who met with the mediators this morning, after which the mediators sent for the American delegates to confer with them.

It is understood that the envoys felt confident today of being able to remove the obstacles as have delayed the proceedings during the consideration of preliminary measures. Delegates of both sides of the controversy between the United States and Huerta will go into the first business session hopeful of an amicable adjustment of all the difficulties as the outcome. The sudden calling of a full session tonight was not expected by American delegates. They had made no plans for a meeting today.

TRYING TO STAY OUT OF POLITICS

By Associated Press.
Oyster Bay, May 23.—"I am trying to keep out of politics for the present," was the statement made by Colonel Theodore Roosevelt today. The statement was delivered in all seriousness in response to a question concerning the organization work of the progressive party during the past year and his opinion of the impending amalgamation with the Republican party. Colonel Roosevelt declined to express any views on these subjects.

TRAIN WRECKERS ARE RESPONSIBLE

By Associated Press.
Savannah, Ga., May 23.—The Seaboard Air Line Florida to New York train was wrecked at Anderson, six miles south of here, early today. Engineer A. G. Gruber, of Savannah, was killed, and the fireman and the express messenger badly injured. None of the passengers were harmed. Officials say that train wreckers were responsible as the signal lights had been extinguished and the switch open at the siding where the wreck occurred.

HOLDING LETTERS BECKER PENNED

By American Press.
New York, May 23.—The only conference held this forenoon by Charles Becker, convicted yesterday for the second time of the murder of Herman Rosenthal, was with his counsel, M. T. Manton, and his wife. It is understood that the basis of an appeal from the verdict was discussed. District Attorney Whitman today received a letter from Mayor Mitchell in which the Mayor said: "I have been following the Becker case closely. The whole community is indebted to you. Your work has been splendid." The district attorney, it has been learned, has submitted to handwriting experts, letters written by Becker to the convicted gun men during their imprisonment in the Sing Sing death house. These letters were turned over to the district attorney by the wife of "Lefty Louie" Rosenberg, after her husband's death.

It is said the letters were passed from Becker to the gunmen between the leaves of books in the prison library which are allowed to circulate among the prisoners of the death house. District Attorney Whitman has been holding them in reserve for an opportunity to use them as evidence against Becker in the latter's efforts to obtain a reversal of judgment in the Court of Appeals.

CONFESSES TO MURDER

By Associated Press.
Florence, Italy, May 23.—Pietro Raffi, an art student, confessed today to the shooting of Mrs. Mary Slavelle, of Chicago, while on a train near Chicago. Raffi said that he had gambled away all his money and while on his way home to inform his family of his predicament he saw Mrs. Slavelle and decided to rob her.

STONER SHOT FROM AMBUSH

By Associated Press.
West Newton, Pa., May 23.—R. T. Stoner, a leading business man of this place, was shot dead as he stepped on the porch of his residence here last night. Five shots were fired by the unknown assassin who had concealed himself in the shrubbery near the house.

CONFER JUNE 1

By Associated Press.
Columbus, Ohio, May 23.—Ohio miners will hold a conference here June 1, the day before they meet with the operators as arranged yesterday in a conference with Governor Cox to formulate new wage demands. President John Moore of the Ohio Miners announced today. Locals all over the state will be asked to elect delegates to the convention.

FATAL PLUNGE

By Associated Press.
Wheeling, W. Va., May 23.—Blinded by the headlight of an interurban car, Frank Breen ran his automobile over a thirty-foot embankment and was fatally injured. His companions, Milton Murray and Douglas Stoetzer were badly hurt.

ROCKEFELLER WON'T PARLEY

By Associated Press.
New York, May 23.—According to information gleaned today, John D. Rockefeller, Jr. has signified that the anticipated conference between himself and Judge Ben Lindsay of Denver in relation to the Colorado strike situation will never take place.

LAND TAX BOOSTER

By Associated Press.
Washington, D. C., May 23.—General debate on the anti-trust bill in the House has been opened by Representative Barley, of Pennsylvania, a Democrat, who declared that the menace of the big interests lies in special privileges. His remedy is "the repeal of all laws placing taxing power in private hands and taxing labor and labor products and all other taxes, substituting a single tax on the value of the land irrespective of improvement."

A SEA TRAGEDY

By Associated Press.
Halifax, Nova Scotia, May 23.—The wreck of the new lightship, Halifax No. 19, carrying a crew of 25 men, was indicated today by the discovery of wreckage and two bodies at Liscomb, 100 miles east of here. The ship was on its way here from Parsley, Scotland.

The lightship was due here yesterday and is believed to have struck a rock while picking its way through the dense fog that has enshrouded the coast for several days. The bodies were sighted by the Dummerin which reports that life-belts marked "Halifax, 19," were strapped about the victims. Liscomb, the supposed scene of the wreck, is a small island off the east coast of Nova Scotia and is located about forty miles west of Cape Canso.

MOVING TOWARD CITY OF MEXICO

Torreon, Mexico, May 23.—"After we capture Queretaro, the key to the capital, we will march into Mexico City, singing 'la Golondrina,'" said Villa. "La Golondrina" is Mexico's "Home, Sweet Home." His army is supposedly making forced marches southward from the captured city in pursuit of the 10,000 federals under Generals Maas and De Moure, who evacuated Saltillo Thursday.

It is believed the retreating federals have been checked along the railway between San Luis Potosi and Saltillo. General Elulio Gutierrez's rebel army was assigned the work of closing communication south of Saltillo and his army of 6,000 men may have barred the retreat.

Prominent rebel officials here say that Villa announced before the opening of the Saltillo campaign he had prepared for a federal retreat and predicted that the Huertistas would not make the "getaway" they did at Torreon. This is cause for the belief that his forces are close on the heels of the fleeing column if they have not already overtaken them.

General Pascual Orozco felt the power of the revolution when a column of 5,000 federals whom he had led out from San Luis Potosi against the rebels was routed by General A.

Garrera Torres at the village of Carovada, about 30 miles northeast of the capital. Advice to this effect came from General Carranza's headquarters in Durango.

General Torres personally led the attack of the rebels on the federal positions. Huerta's troops retreated in the direction of San Luis Potosi. Reinforcements were sent from the state capital to the relief of Orozco's command and are attempting to check the further advance of the rebels on the city. General Antonio Govea Loya and A. Mendoza, federals, were also with the Orozco column.

It is the belief among rebel military and civil officials that Orozco sallied out from San Luis Potosi to clear the way for the entrance of the federal army under Generals Maas and De Moure, supposed to be attempting to join the Huerta troops in San Luis Potosi. His purpose, it was said, was to drive the rebels out of the country between Saltillo and San Luis Potosi. Orozco has been missing since last January, when Mercado's federal army fled across the border from Ojinaga to Presidio, Tex. He has been reported at various points on both sides of the border since that time, but this is the first definite news regarding his whereabouts in several months.

bearer of the proper credentials. It was pointed out that Carranza had rejected the invitation which was tendered him by the mediators and the latter consequently withdrew the offer they had sent him to be represented at the conference.

CARRANZA SHUT OUT

Niagara Falls, Ont., May 23.—The mediators continued their quiet, informal "conversations" with the delegates of the United States and Mexico. It is understood that the mediators laid before the American delegates the terms which would be acceptable to General Huerta, as outlined by the Mexican delegates during the meetings they have had with the A. B. C. diplomats. It is believed the terms have given the mediators good reason to be extremely hopeful for a successful outcome of the negotiations.

One question discussed was the announcement that the Mexican rebels had decided to send a delegate to the mediation conference. It is understood on good authority that the mediators are determined not to consent to hear any representative of General Carranza even if he were

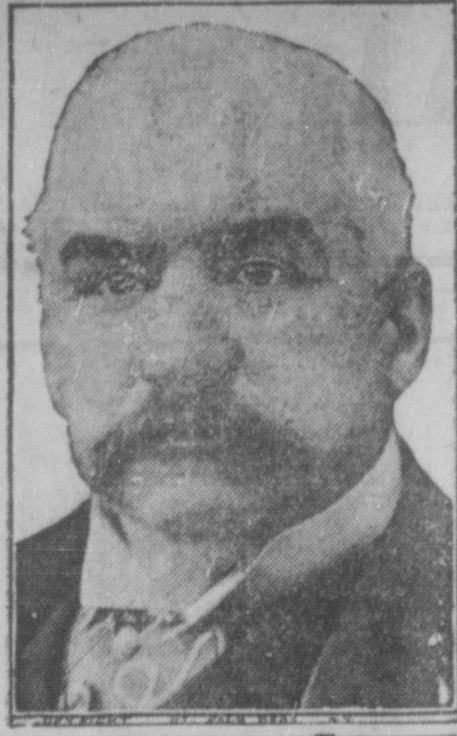

NEW TIME TABLE NOT AGREEABLE

A new time table will go into effect on the B. & O. the first of June that vitally affects Greenfield in the change. Says the Greenfield Journal. By the new arrangement train No. 14 will be annulled between Midland City and Chillicothe.

All the morning papers will not reach Greenfield until 9:40. The morning mail from the west that arrives on No. 14, which reaches here at 5:29 will arrive on train No. 12 at 10:22, too late for the rural delivery, causing a delay of 24 hours to the farming community.

Here is an opportunity for the Business Men's Club to get busy and take up the question with the B. & O. officials. It seems to us that something should be done so that our people can receive this mail at the proper time.

THE LATE J. P. MORGAN.

Chas. S. Mellen, ex-president of the New Haven Ry., testified before the Interstate Commerce Commission that to save Morgan's life he sacrificed himself and submitted to a Federal indictment for the so-called Grand Trunk Ry. conspiracy. Mellen further claims that the junior Morgan, after his father's death, advised that he (Mellen) retire from the New Haven presidency, notwithstanding the sacrifice he claims to have made.

GAVE SELF AS SHIELD

Washington, May 23.—Charles S. Mellen, ex-president of the New Haven railroad, ended his four days' confession before the interstate commerce commission with the statement that he had subjected himself to indictment under the Sherman anti-trust law in order to shield the late J. P. Morgan. This was in the so-called Grand Trunk conspiracy, on account of which Mr. Mellen stands under indictment.

Mr. Mellen asserted that he wrote a letter to the district attorney in New York assuming entire responsibility for the so-called Grand Trunk deal because he realized that Mr. Morgan's health was poor and that to subject him to the grand jury would probably have hastened his death. Mr. Mellen declared that J. P. Morgan, Jr., was the New Haven director who, after the death of the elder Morgan, suggested that it was advisable for Mr. Mellen to retire from the New Haven. Mr. Mellen said he told the younger Morgan then that he had suffered the humiliation of an indictment for his father's sake, and that J. P. Morgan, Jr., turned to him and acknowledged that his father's health at that time was such that it would have killed him.

UGLY PIECE OF WORK FINISHED

Panama, May 23.—One of the most bothersome pieces of work on the canal has just been completed. For over four months work has been in progress on the dike known as Cano Saddle which was built to prevent Gatun Lake from running into the Atlantic Ocean. The dike is located about 25 miles north of Gatun and can only be reached by boats on Gatun Lake. At that point the surface of the lake reached to within a few feet of a low narrow ridge through which the waters might have worked their way and thus washed a passage into the Atlantic.

To prevent this the dike, or saddle, 30 feet high and about 1,200 feet long, was constructed. During the course of the work about 4,000 men were employed, this great number being necessary because of the prevalence of malaria. It was the breeding place for hordes of mosquitoes and every man taken into the place was almost instantly affected. It is said that every white man who worked on the job was brought out of the district on a stretcher unconscious. In spite of this, however, not a death occurred, every one of the laborers having recovered their health on being brought back to the Canal Zone.

HALL RELEASED

Harry Hall, who was indicted by the grand jury for shooting with intent to kill and carrying concealed weapons, was arraigned Tuesday at Hillsboro and pleaded not guilty. His bond was fixed at \$600, which he gave. His trial was set for June 15.—Greenfield Journal.

PROHIBITION CONVENTION

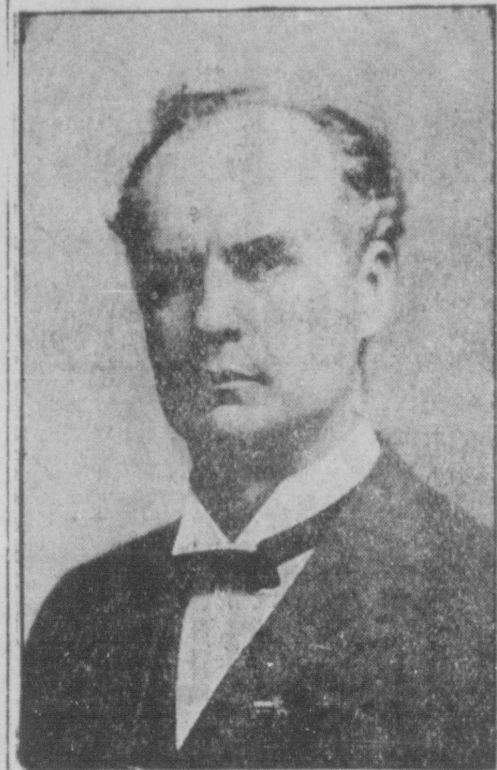

TWO THOUSAND DELEGATES EXPECTED AT COLUMBUS GATHERING JUNE 4.

A. S. WATKINS WILL SPEAK

Every County in Ohio Will Send Delegates To State Prohibition Convention—Greatest Gathering of Party Ever Held in Buckeye State.

Columbus, O.—(Special.)—Delegates from every county in Ohio will attend the Prohibition state convention to be held in Columbus, June 4 and 5, inclusive. It is expected that there will be over two thousand delegates in attendance at this notable gathering. There will be a splendid program, including many prominent speakers. The keynote speech will be delivered by Dr. A. S. Watkins, Ada, O., vice presidential candidate in 1908 and 1912.

The water-wagon program has become attractive. It figures most prominently in politics. Some political parties are now busy seeking candidates who are dry enough to win the temperance votes and damp enough to win the liquor votes. If such candidates are elected to office, they will have a divided support, thus making progressive legislation impossible. One political party is now seeking candidates who are dry enough to win all the temperance votes and lose all the liquor votes. If such candidates are elected they will have a united sup-

port, progressive legislation will be the logical result, and the government will be administered from the standpoint that the liquor business is wrong. The most prominent men in all walks of life have declared that the saloon must go. Thus the Prohibition State Convention has been called to recommend candidates for nomination on the state ticket who will be supported by all the temperance voters of the state. And as the temperance people are in the majority, such a ticket should be a winner.

This convention will be a mass meeting and every Prohibitionist present will have a voice in the proceedings. The keynote speech will be delivered on the afternoon of the first day by Dr. A. S. Watkins, Ada, O. He is one of the foremost educators and statesmen in our state to-day and will have a vital message for every one who hears him on the relation of the liquor traffic to our governmental machinery.

State Chairman R. R. Roberts, after making a tour of the state, holding county conventions and doing preliminary work preparatory to the great state gathering, is planning for the biggest convention in the history of the state. Citizens of Ohio are wide awake on this burning issue which has thrust itself into politics so conspicuously these latter days, and thousands of voters during the past few months have signed this declaration, "God being my helper, no political party or candidate not declaring for the destruction of the liquor traffic can have my support or vote." This only proves that the people are learning the evil effects of the liquor business upon our political bodies as well as our physical bodies, and they are now ready to attend a state mass convention to prepare for united action.

National Chairman V. G. Hinshaw, of Chicago, who is just closing a campaign in which he raised a \$250,000 fund for the National Committee, will speak on the evening of the first day, giving all the delegates present a view of the national situation, in order that we may be inspired to do even greater things in our own state.

Prof. A. M. Thatcher, of Columbus, who is acknowledged by press and public as the greatest platform singer in America, will have charge of the music throughout the convention. As a basso soloist he is without a rival. It would be worth your while to come all the way to Columbus just to hear this great artist sing.

Gubernatorial timber is forthcoming. Several names have been mentioned for the head of the ticket. Two of the most prominent men are V. A. Schreiber, mayor of East Liverpool, and Prof. J. H. Dickason, of the State Agricultural College at Wooster. Dr. A. S. Watkins is the only name that has been proposed thus far for the United States Senate.

Prospects for a lively convention are bright, as is evidenced by the interest manifested. If you are interested in the economic, social, or governmental welfare of your state, you can't afford to miss the Columbus convention, June 4 and 5, which has been called for the purpose of inaugurating in the state of Ohio a program for clean government.

SHACKELTON TO MAKE TEST OF HIS NEW OUTFIT

By Associated Press.

London, May 23.—With the thoroughness which has always characterized his work, Sir Ernest Shackleton is about to make a preliminary trial expedition under Arctic conditions in the glaciers of Norway. This will be for the special purpose of testing the rations for his trip across the Antarctic continent, which he hopes to make in four and a half months time. No party ever started out, without having food depots, to make such a distance as that in a straight line, but Sir Ernest and his men have made special preparations for the attempt.

They have, with the aid of the Royal Army Medical Corps, evolved the "perfect ration." It will average only 35 ounces daily, as compared with the three pounds or more consumed by the average man, but it is believed it represents the highest nutritive value for polar travel.

Sir Ernest will be accompanied by five members of his staff when he goes to Norway to conduct experiments with these rations and also test his tents and motor sledges. The party will don polar kit and travel among the glaciers. While the cold will not be as intense as in the polar regions, the country will furnish the same sort of sudden blizzards as are experienced in the Antarctic.

The party will test the effect and potency of the rations in most detailed fashion. Such an experiment never has been made before.

Shackleton's new ship, the Endurance, has been almost completely fitted in Norway and will arrive at the London docks this month. She is eighteen feet longer than his last ship, Nimrod. She is a beautiful specimen of wooden ship building, and probably the last of her class that will be constructed. Her whole keel is made of solid oak five and a half feet thick, and her sides are two feet thick.

The dogs, which constitute an important factor in the expedition, are a cross between a wolf and a Scotch stag hound, and have been bred in northern Canada. The lightest of them will turn the scales at eighty pounds whereas the heaviest dog with the last Shackleton expedition weighed 45 pounds. They have been selected by the experts of the Hudson's Bay Company, and will be under the charge of one of the most experienced drivers from Canada, who was chosen by the Commissioners of the North West Mounted Police.

CITY CANNOT CHANGE TIME

Cincinnati, O., May 23.—City Solicitor Schonele submitted an opinion to city council that the passage of the proposed "more daylight" ordinance, providing for a change from central to eastern time in Cincinnati, would be invalid. He points out that any change in time would be in violation of section 5979, which legally establishes central time in Ohio. In Schonele's opinion Cleveland, even under the home rule clause, has no right to abrogate the state law fixing the standard of time.

DIED INSTANTLY

Cincinnati, O., May 23.—While standing on the edge of a pit in which one of the piers of the Hopple street viaduct is to be built, Superintendent of Construction John C. Sloan lost his balance and fell in. Sloan's head struck a double-jawed dirt bucket and he was almost instantly killed.

WILLIS THE ORATOR

Ada, O., May 23.—Congressman Frank B. Willis will deliver the address at the cornerstone laying of the \$125,000 Lehr memorial, concluding the commencement exercises of Ohio Northern university, which began with a recital by the college of music. The cornerstone will be laid May 28.

Justice for Those Who Toil

The columns of the newspapers one day this week contained, among others, two items of news worthy of more than passing attention. Those two news items should cause the people of Ohio to pause and consider the change in social conditions which their publication records.

One story related to a workman in Columbus who was totally disabled as the result of an accident in a big manufacturing plant in which he was employed.

The state Industrial Commission granted to this man the head of a family, \$3646.75 in cash and \$9 a week for the remainder of his life.

The other news item related to the accidental killing of a man, also the head of a family, by a live electric wire.

The State Industrial Commission allowed to the widow of that man \$3297.84, payable at once, with which to purchase a home for herself and her five children orphaned by the accidental killing of the husband and father.

The people of Ohio have cause to sincerely congratulate themselves that social condition have so changed in this state that news like that can be truthfully published.

Only a few months ago the injured workman who was totally disabled and the widow and children of the other unfortunate who met death while engaged in his daily vocation would have faced the uncertainties, the expenses and the vexations of a long drawn out lawsuit, dragging through all the courts.

If successful in receiving a judgment after years of battling with the skilled lawyers of a rich liability insurance company the amount finally awarded would have been greatly reduced by the payment of court costs and attorney fees and during the time the plea for justice was slowly dragging through the courts, the injured workman and the widow and the orphans would have been compelled, handicapped through no fault of their own to wrest a meager living from the world.

Can any man question that the change is for the better.

The state of Ohio—organized society—through the medium of the compensation law is protecting the army of men who toil in the mills and factories.

There never was a more humane law—never a law which in its provisions tended more forcefully and more directly at real and substantial social justice—written on the statute books of this or any other state than the workmen's compensation law.

In its enactment the law-makers of Ohio have proven that they recognized the existence of a right in the toiler and the wage earner whose dependents, if left alone in the world, are not equal to the task of battling for justice with powerful corporate interests, to demand justice at the hands of society.

The debt which the state owed to the vast army which toils daily for its daily bread, has been materially reduced by the enactment of the compensation law.

The benefits which flow from that law to all classes of organized society and to the state itself can scarcely be overestimated.

The direct benefit to the unfortunate victims of accidents is not greater than the indirect benefit which the employer and the state itself receive.

And this change for the better in social conditions entails less cost than was exacted from employers under the old order of things.

NO DISTINCTION MADE FOR ROYALTY

By Associated Press.

Berlin, May 23.—If the Emperor desires sausages for his Sunday evening meal, he can buy them the night before, just like any common citizen, or else go without. The law regulating sale and delivery of goods on Sunday apply to the ruler in the same degree as to his meanest subject.

This is the decision of a Prussian court in the case of a sausage dealer who appealed from a fine of \$1.25 for violating the Sunday-obedience laws. One Sunday morning, shortly before 10 o'clock, the hour at which all shops in Berlin must be closed, the Emperor's private cook telephoned from the New Palace at Potsdam an order for sausages for the imperial table. The dealer loaded the desired wares on his delivery wagon and started it for the railroad station. On the way thither the delivery-man was stopped by a policeman, who inquired why he was violating the law. The representation that the Emperor was waiting for the sausages had no effect on the policeman, and the result was the fine for the merchant.

On appeal the merchant set forth that his action came under the sav-

ing clause of the Sunday ordinance, which provides that Sunday orders may be filled where "there immediate carrying out is demanded by the public interest." The order of the Emperor's cook, he said, was such a case. The court rejected the appeal, saying:

"It is of no consequence that the Emperor was the customer. The Emperor has no special standing in private trade. It is the business of his private cook to send in his Sunday orders in time, just as any housewife must do."

STREET FALLS INTO OLD FIRE CISTERN

Without any warning, the street over the old fire cistern on East Main street in front of Zion Baptist Church, collapsed shortly after 2 o'clock Thursday afternoon. A section of the street about thirty by twenty feet fell into the cistern which contains a large quantity of water. Fortunately no person was caught in the collapse, although there were several people close to the spot. Men in the neighborhood sailed up a temporary board protection about the place, and then notified Service Director Whitmer. The caved in section is within three feet of the street car track.—Xenia Gazette.

Poetry For Today

THE MASHER.

They've talked quite a lot of the masher;
The shrift that they give him is short.
There's nothing much bolder or brasher;
They hail him with joy to the court.
The which is quite right, I am certain.
And still it looks something to me
That they're drawing too friendly a curtain,
On the work of the little mashee.

Her hat brim's a little too flaring,
Her skirt hem's a little too tight;
Her glance is a little too daring,
She's powdered a little too white.
Her lips are a little too rosy,
Her laugh is a little too loud;
Her walk is a little too posy,
As she strolls through the thick of the crowd.

You can count her each block by the dozen,
She's "nice"—just as "nice" as can be,
She may be your sister or cousin,
She's not? Well, you watch her and see,
Now, I haven't much use for the masher,
And still it looks sometimes to me
That his ashness is made a lot rasher
By the work of the little mashee.

STATE G. A. R. ENCAMPMENT

PARADE WILL BE A FEATURE

Posts and Associate Bodies of Western Pennsylvania and West Virginia Will Join Comrades of Ohio During Gala Week—Thirty Committees Are Hard at Work Preparing to Make Comfortable Thousands of Visitors.

The presence of not less than 12,000 people, including probably President Woodrow Wilson and a score of other men nationally prominent, will feature the forty-eighth annual Ohio state G. A. R. encampment to be held in East Liverpool, June 22-25, 1914, according to official information released by the secretary of encampment executive committee, H. B. Barth.

Governor James M. Cox of Ohio, Governor H. D. Hatfield of West Virginia, Governor John Tener of Pennsylvania, ex-Senator J. B. Foraker of Cincinnati and Comrade Washington Gardner, commander-in-chief G. A. R. of Detroit, are but a few who have already accepted invitations, while the encampment committee is exceedingly optimistic as to President Wilson's disposition of the formal invitation that will shortly be tendered that executive.

A Distinguished Multitude.

The Pennsylvania Railroad company is awake to the importance of the approaching meet and unsolicited has made requisition on the East Liverpool charges de affairs for 3,000 advertising circulars which the company will post in as many passenger depots throughout the state. Excursion rates, an institution with but few Ohio precedents since the two-cent mileage law, have been awarded Chairman W. H. Surles and his industrious colleagues, and in the meantime G. A. R. posts and associate bodies in western Pennsylvania and West Virginia are pouring in their acceptances of requests to join their Ohio comrades during the gala week.

The thus far completed list of orators will speak at the various encampment meetings comprises a most

Citizens Hard at Work.

Committees on transportation, reception, finance, entertainment, illumination, campfire, public comfort, decoration, etc., are now holding meetings daily at Chairman Surles' and Secretary Barth's headquarters on Fourth street, and the volume of business transacted is tremendous. Stenographers are maffing out hundreds of letters every week, and details generally are being completed for what is expected to be the record convolve of Ohio's old soldiers.

Thirty committees, averaging a number of individual workers apiece, are already on the job. The personnel of the executive committee is as follows: W. H. Surles, chairman; George C. Thompson, vice chairman; H. B. Barth, secretary; J. H. Brookes, treasurer; Colonel John N. Taylor, N. A. Frederick, B. C. Simms, John Robinson, H. A. McNicol, H. N. Harker, George S. Goodwin, J. G. Lee, George C. Thompson, R. E. Spencer, T. V. Milligan.

ervations, have made apparent the fact that the city's best homes will be opened to the throng of visitors.

Official headquarters have already been secured in East Liverpool for the auxiliary bodies of the G. A. R. who will attend the encampment. The G. A. R. body proper and the Woman's Relief Corps will have headquarters at the First Presbyterian church; the Sons of Veterans will have their business headquarters at the Thompson House, and will probably have their encampment at Columbian park; the auxiliary of the Sons of Veterans is to have headquarters also at the Thompson House.

Only a partial program of the week's activities has so far been completed. On Tuesday, June 23, the department officers of the Woman's Relief Corps will formally present a handsome United States flag to the East Liverpool high school. In the afternoon the Ladies of the G. A. R. will present a life-size portrait of Abraham Lincoln to the Carnegie public library.

Two Spectacular Parades.

On Wednesday morning, June 24, the first business sessions of all G. A. R. associate bodies will be held. The G. A. R. convention will be held in the Ceramic theater; the W. R. C. at the First M. E. church; Ladies of the G. A. R. at the First Presbyterian church; Sons of Veterans at the Patterson hall; Daughters of Veterans at K. of P. hall, and the Ladies' auxiliary to the Sons of Veterans at the S. of V. hall.

One of the chief features of the week will be the monster parades on Wednesday and Thursday. Hundreds of automobiles, practically every car in the city, will take part in the gor-

geous floral pageant Wednesday morning. The annual military pageant will take place Thursday morning and all old soldiers unable or not desiring to walk will be taken in autos. Also in the line of march will be 25 bands and drum corps, veterans and Sons of Veterans from Ohio, western Pennsylvania and the Panhandle district of West Virginia.

While the military procession is in progress there will be an efficient medical corps, headed by Dr. C. H. Bailey, on hand to look after the comfort and safety of the civil war heroes. The route of the parade will be shorter than usual and commensurate with the increasing years of the participants.

Some Campfire Forensics.

The campfire will be held at the Ceramic theater on Wednesday evening. Commander-in-Chief Gardner of the G. A. R. will be the principal speaker on this occasion. The final business session and another big campfire is scheduled for Thursday at Ceramic.

PLANK BREAKS THREE DROWN

New York, May 23.—As bells were sounding the second call for all ashore just before the hour scheduled for the new liner Frederick VIII to leave her pier at Hoboken, a steership gangplank crowded with men, women and children broke and spilled overboard at least seven persons, of whom three were drowned. The steamer's decks were jammed to the rail and over 3,000 persons elbowed one another into the pier. The cracking of the gangplank created a panic, and only by the most vigorous work did the steamship line's pier employees prevent excited ones from pushing others overboard. The dead: Mrs. Anna Edwardson and daughter Helen, 3, and unidentified girl of 4.

WIRE FLASHES

In New York Felipe Claudio raced ahead of five shots fired by an irate husband, jumped a fence to safety, then died of fright.

Mrs. Mary A. Flavell, 60, of Chicago, was shot and robbed by an Italian on a train near Florence, Italy. She is fatally hurt.

Wilson Shannon Cole, 49, was killed at the plant of the Lima (O.) Locomotive corporation when he fell from a boiler, his head striking a piece of steel.

Louis Gilsoul shot and killed three women, one his wife, seriously wounded another and then killed himself, at the farm of his father-in-law, O. K. Olson, near Thief River Falls, Minn.

President Wilson will formally open the new American university at Washington next Wednesday. He will be assisted by Secretaries Bryan and Daniels and church dignitaries from throughout the country.

CLASS DAY EXERCISES OF EXCEPTIONAL BRILLIANCY

Clever Originality Marks the Senior Class Day Exercises, First Ever Held in New High School Auditorium.

GRADUATING CLASS A RECORD BREAKING ONE

Packed Auditorium Applauds Exercises Which Are Pronounced Departure From Former Programs—Most Brilliant Event of Its Kind Ever Held in Local Schools—Many New Features Receive Approval of Responsive Audience.

The class of 1914, the largest class in the history of the Washington C. H. High school, perpetuated its memory in the unusual features and marked originality of the Senior Class Day exercises in the High school auditorium Friday night.

The taking departure from the stereotype added new luster to a class that has created for itself prestige in the line of diverse attainment.

There is always a special attraction about Class day, bringing as it does, the graduates into peculiar intimacy with the audience and imparting an enjoyable touch of the school spirit of youth and fun as it associates itself with the solid work of the school period.

The brilliantly lighted auditorium, holding a fine audience that taxed its capacity, impressed anew its advantages to successful school work and entertainments.

The auditorium is sufficiently decorative in itself, but festoons of the class colors, royal purple and silver and the "Sibyl tree," which took its part in the evening's program, added adornment to the stage.

Miss Lillian Davis, a genuinely talented young artist, whose work as accompanist in the Pinafore opera, brought her at once into the limelight as a coming pianist, opened the program with two beautiful piano renditions (a) Staccato Caprice, Max Voglich; (b) Hungarian Dance, McDowell.

Wilbur C. Adams, president of the class of 1914, was greeted with a round of applause as he came forward to make the inaugural address.

The president presented greetings from the largest class in the history of the High school and, according to his modest boast, the greatest class to enter the alumni—a class which is ambitious to make a stir in affairs and to develop the new idea that man is sent into the world to reach the highest degree of efficiency. Talent is not sufficient; labor is equally necessary for big accomplishments.

The class of 1914 stands upon the platform that success is growth in all things, the broader vision, the keen brain and the heart of sympathy to aid those on the lower round of the ladder.

The first class to graduate from the new building, the president expressed the hope of the class that it would be worthy of this splendid new building, for which it was indebted to the public, and its gratitude for the chance to make good in the Washington High school.

A fine, manly fellow with easy bearing, and excellent delivery, the president of the class of 1914 left a most favorable impression upon the audience, and his address was admirably pertinent in its subject matter.

Miss Urcell Porter, class historian, was a typical girl graduate, charming and pretty in her presentation of the class history.

As "every history has a preface," Miss Porter introduced this one with an exceedingly clever and amusing demonstration of the first grade work under Miss Anna Bell, in which nine of the Seniors gave a scene typical of their school beginning.

The little scene created hilarious mirth and was decidedly a "hit." Nine dignified Seniors assumed the role of "kindergarten babes," the girls with long curls and braids, hats with streamers, sashes and aprons; the boys in Fountelroy suits, sailor collars and flaming ties. Both make-ups and impersonations were great. They came to school with all the reluctance and tears of the first time, to be soothed by the wonderful primary teacher who always wins her pupils' affection; they sang kindergarten songs in funny little voices, went through kindergarten exercises and afterwards were sent home to their mothers amid laughter and applause.

The "kindergarten babes" were Ada Woodward, Senneth Kellough, Dorothy Fullerton, Wanda Wolford, Ruth Davenport, Urcell Porter, Dor-

othy Saxton, Wilbur Adams and Robert Rothrock.

The young historian then took up the later history of the class in highly entertaining vein, sketching the various epochs of the 1914 High school career of the 47 members of the class of 1914, notably its Glee club connection, the Opera Pinafore and athletic work, and incidentally handing a few bouquets to the teachers who had smoothed the way to the goal. It was a delightful history thoroughly appreciated.

Frank Thornton, the bright young class poet, gave pleasing recital to a clever original poem, reminiscent in its trend, and of good meter. The class felt quite proud of its poet.

The futures of the class of 1914 were revealed in the "Prophecy of the Cumaean Sibyl" with Miss Dorothy Fullerton a Sibyl who might have stepped from among the Greek goddesses, so fair and lovely was the prophetess in her trailing robes of white and white fillets binding her golden hair.

Inspired by "holy fire of the prophetic spirit," the Sibyl plucked from her tree of fate, leaf by leaf, knowledge of the future.

The class was seated on the stage and each graduate came forward to learn his or her fortune, an idea which met with unqualified approval, introducing each member of the class. No class prophetess ever received a more enthusiastic ovation. To forecast the future of 47 graduates is a task for a Hercules rather than a Sibyl, and it was done with positive genius, the field of the worlds activities covered with ready wit and appropriate hits.

Miss Marguerite Dailey appeared as a dignified class lawyer in cap and gown and delivered an original class will highly creditable to the writer, who is deemed one of the brightest students of the class. It was throughout spiced with wit and a humorous document creating mirth galore in its bequests from Seniors to Juniors.

The Glee clubs contributed several beautiful numbers to the program. Both girls and boys' clubs have done splendid work and have shown a commendable spirit of willingness to respond to the efforts of their talented directress, Miss Elizabeth Sheen, supervisor of music in the schools.

The number by the Boys' Glee club, "The Beautiful Ship from Toyland", with solo by Paul Craig, made an especial hit and when the boys reappeared to sing the popular solo and chorus, "I'm Captain of the Pinafore," they were again recalled.

Two Graphonola numbers in which world famous artists poured forth song, were enjoyed feature of the program. This was the first time the High school had used its fine new graphonola.

A beautiful class song, written by Frank Thornton, closed the program. Miss Lillian Davis, was the evening's accompanist.

The class day program was carried out to its entire success with the aid and encouragement of Supt. Wm. McClain, Principal Probasco and the High school faculty.

Commencement will be held Thursday night, June 5th.

After the program the class planted the "tree of the Sibyl" on the front lawn, enjoying the weirdness of the planting by night.

SUNDAY SCHOOLS TO PLEDGE THEMSELVES

Two automobiles, containing committees of prominent men in the interest of the Y. M. C. A. financial campaign made a sweeping canvas of the county Saturday afternoon, visiting all pastors and Sunday school superintendents, instructing them to pledge themselves Sunday as to whether or not they would enter actively into the campaign work.

In the car of Mr. George Jackson were: Rev. F. E. Ross, this city; Rev. F. M. Moore, of Bloomingburg, and Mr. Ray F. Zaner, Messrs. A. F. Hopkins, M. E. Hitchcock, J. Howard Hicks and A. F. Hopkins occupied the Hopkins' car.

TRAIN OF TROOPS

The B. & O. handled another train load of regular army troops this week, bound for St. Louis, to be rushed from thence to the Mexican border to await final outcome of present peace negotiations.

A car load of soldiers was also handled Thursday, enroute from Cincinnati to New York, to sail from thence to Vera Cruz.

ERNEST WOODMANSEE MEETS TRAGIC DEATH AT HIGHLAND

Ernest Woodmansee, aged 27 years, a former resident of this city, met a horrible death under the wheels of a B. & O. train at Highland, a few miles from Leesburg, Friday, his head being completely severed from the body and was found a rod or more from the mangled body.

The train crew of a freight discovered the mangled remains near Highland, and it is believed that he met death under the fast mail train which passes through Highland at a very early hour.

One report states that the man is believed to have deliberately placed himself in front of the approaching train, with his head upon the rail, in order that his life might be ended.

The deceased has been married two or three years, his wife being a daughter of James Adams, of Highland.

Soon after their marriage they went to housekeeping on the corner of West Market and Hinde street in this city, and Mr. Woodmansee was employed in this city for about one year. He then moved to Springfield, but later moved back to Highland, where his tragic death occurred Friday.

While in this city the young couple made a large number of friends who will be shocked to learn of the sad death of Mr. Woodmansee.

It is understood that funeral services will be held at Highland, Sunday afternoon.

VERY LITTLE CHANGE IN RATE OF SPEED

When the new passenger service is installed on the D. T. & I. beginning June 1st, the rate of speed made by the new cars will be about the same as that of the present schedule, although the cars may later be speeded up when the road is placed in better condition.

At the present time the schedule between this city and Greenfield is 29 minutes. This remains practically unchanged.

MEN'S RALLY DAY.

A unique feature will be introduced in the Christian Bible school next Sunday. It is "Men's Rally Day", and is a part of the general "advance campaign" that that school has been conducting for several months. One hundred men are expected to be present and participate in a Men's class demonstration. All men, who are members or friends of the school, or members of no school are asked to be present. Everybody will be welcome.

GUN IS RECOVERED FOR WILD WEST MAN

A valuable 38 Smith & Wesson revolver, the property of one of the members of Harry Hill's Wild West Show, was stolen from the pocket of the owner Friday afternoon, and complaint was made to the police.

Officer Baughn made an investigation and found the gun, which was in the possession of Isaac Bennett, to whom it had been given by a companion whose name the lad did not learn.

The gun had been removed from the pocket of one of the showmen.

PASSENGER FINED \$1 AND COSTS

A man giving the name of S. A. Howard, of Cincinnati, who was aboard B. & O. passenger train No. 108, Friday evening, was turned over to the police of this city on a charge of indecency alleged to have been committed aboard the train.

The man, who had not been drinking, and who was well dressed and apparently well-to-do, was much embarrassed over the accusation, claimed that so far as known he was not guilty. However, in order to obtain release from the charge he entered a plea of guilty and Mayor Coffey fined him \$1 and the costs, which he paid.

PLANS COMPLETED FOR BIG BANQUET

Preparations for the big Y. M. C. A. banquet to be held Tuesday evening, June 2, and which is to mark the launching of the eight-day effort for \$25,000, are about complete. Yesterday, Manager C. H. JUNIORS BANQUET SENIORS, JUNE 5

Preparations for Annual Farewell Feast Nearly Completed—Date of Annual Commencement Ball Not Yet Set.

Arrangements have been made to hold the annual High school banquet, the parting expression of the Juniors to the Seniors, at the Cherry hotel on the evening of June 5, the Friday following the commencement.

The Juniors this year have a stupendous task on their hands. The matter of financing the banquet is not an easy one. The graduating class this year numbers 47 members, the largest class that ever graduated from the local high school. However, the Juniors are confident. At the "soda fount bazaar" held at the Baldwin drug store last week quite a neat sum was realized and with the chartering of two moving picture theaters for one evening entertainments this week or next, the difficulty will be solved.

No date has as yet been set for the annual June commencement dance, an event which has come to be one of the feature social happenings of the season.

TEACHERS' EXAMINATION.

The first examination for teachers of the city schools of Washington C. H., Ohio, will be held at the new High school building the first Saturday in June, 1914. (June 6). Examination will begin promptly at 8:30 o'clock. By order of the Board of Examiners.

BECKER MUST DIE IN ELECTRIC CHAIR

New York, May 23.—For the second time Charles Becker was convicted of the murder of Herman Rosenthal. The jurors were in absolute agreement on their one ballot after only 40 minutes of actual deliberation.

They could have saved Becker's life even in finding him guilty if they had wanted to show mercy. Justice Seabury had told them they could choose among three degrees of murder, and two of these degrees would have meant imprisonment. But they believed that Jack Rose told the truth when he said that Becker ordered, arranged and paid for the assassination of the gambler who was about to ruin him.

Becker's counsel was shockingly disappointed at the verdict. They had hoped for acquittal. They build ed positively upon a disagreement. But they never thought there was a chance in the world that 12 men, after the court of appeals decision, would ever send Becker to the chair.

Five ballots were taken before the jurors were in agreement as to conviction for murder in the first degree. This conclusion was not unan-

imous until after a great deal of argument in which the credibility of witnesses was weighed.

Mr. Manton believes that he has strong grounds for asking further consideration of the case by the court of appeals. "We shall appeal at once," he said. "That goes without saying. There are ample grounds."

Becker heard of his doom without displaying any emotion.

Justice Seabury, after brief consideration, announced that Becker would be remanded to the Tombs until May 29, when he would be sentenced.

A reporter who knew Becker said to him: "Lieutenant, I am sorry for you."

"I am sorry for myself," said Becker, but his voice was even and steady. "Will you say anything about the verdict—about the appeal?" "Not a word."

The deputy sheriffs stepped to his side and marched him to the entrance to the passageway that connects with the Tombs. As they reached the door they slipped handcuffs around his wrists. It was the first time he had worn them for many months, but the verdict had changed things.

PRINCIPAL WITNESSES AGAINST BECKER SECOND TRIAL FOR ROSENTHAL MURDER

New York, May 23.—Three of the principal witnesses for the state against former Police Lieutenant Charles Becker at his second trial for the murder of Herman Rosenthal, the gambler, were Jack Rose, William Shapiro and Harry Vallon. Becker was accused of hiring the four gun men who were recently electrocuted at Sing Sing for the actual murder of Rosenthal. Becker was found guilty on his first trial, but was granted a new trial upon a technicality after a year in the Sing Sing death house.

REPEAL BY TEN VOTES

Washington, May 23.—Democratic leaders in the senate are confident that the Panama canal tolls exemption repeal bill and the arbitration amendments will be disposed of next week. Senator Kern, leader of the majority, said a vote would be taken May 28, or shortly afterwards, and added that the repeal bill would be passed by a majority of at least 10.

Opponents of repeal are not inclined to doubt that the bill will pass, but the vote on the many amendments which have been offered to modify its meaning will be watched with interest by senators on both sides. Prospects for the success of an arbitration amendment are acknowledged to have been dimmed by speeches of the last two days. The administration is said to center its support on the amendment proposed by Senator Simmons, declaring that the United States waives no rights over the Panama canal.

Senators Chamberlain and Borah, both opponents of the repeal bill, made addresses in the senate.

BURTON IN OHIO

Cleveland, O., May 23.—Senator Burton arrived here from Washington today for the purpose of holding a series of conferences with his political friends on the Ohio senatorial situation. He has been told that Former Senator Foraker is about to run away with the Republican nomination for senator. Burton got out of the senatorial fight with the primary object of defeating Foraker, but the information that he has received during the last few weeks has led him to conclude that his retirement has not helped matters. It is not thought Mr. Burton has any intention of becoming a candidate himself at this late day, but he is preparing to take a hand in the senatorial fight in order to stop Foraker, if that is possible.

SENATOR BURTON.

Senator Burton is reported to have come back to Ohio for the purpose of taking part in a strong effort to prevent former Senator J. B. Foraker from "running away" with the Republican senatorial nomination. Mr. Burton is said to be having concluded that his retirement has not helped matters, but it is not thought that he will enter the race against Foraker.

BOTH SIDES SEEKING AN AGREEMENT

Columbus, O., May 23.—Ohio coal operators and miners will hold another joint conference in Columbus June 2 to attempt a settlement of their wage differences under the new anti-screen law.

This announcement was made following a conference of operators and miners with Governor Cox, at whose instance the meeting was called. The meeting was held in the executive chamber. The miners were represented by eight delegates and the operators by 15.

No attempt was made at the peace meeting to agree upon a wage scale. Various phases of the situation were presented to the governor and discussed at length. That both sides are anxious for an early agreement is said to be apparent by reason of the readiness to call another joint conference. The governor promised to use his influence in helping to bring both sides together and stop the tremendous losses that are being sustained by both sides. The losses are estimated at \$5,000,000 weekly.

"The differences are not so great but what they will be adjusted satisfactorily soon," declared Senator William Green, secretary of the national miners' federation. He did not participate in the conference, however. The miners are demanding 49 cents per ton for machine-mined coal. The operators, so far, have refused to offer more than 42 cents per ton. Machine-mined coal represents about 90 per cent of the total output in the state.

Operators present at the meeting were: E. E. Fox, Massillon; O. A. Case, Zanesville; H. J. Chapman, Co-

lumbus; E. A. Cole, Columbus; W. R. Woodford, Cleveland; W. F. Upson, Newark; W. H. Haskins, Coshocton; S. H. Robbins, Cleveland; H. E. Willard, Cleveland; George H. Jones, Toledo; W. L. Timmons, Zanesville; W. H. Bennett, Nelsonville; Wayne Collier, Newark; C. E. Maurer, Ravenna.

SILLIMAN IS COMING HOME

Washington, May 23.—Vice Consul John R. Silliman reached Mexico City in safety and will start on his journey for the United States. Silliman, for whom the state department has been making frantic inquiry and search ever since the first reports several weeks ago of his incarceration in the jail at Saltillo, is now in the Brazilian legation in the Mexican capital. The information of Silliman's safe arrival was telegraphed to the state department by Senor Cordosa. The purport of the telegram was made public by Secretary Bryan. It is understood that armed guards from the legation, carrying the Brazilian flag, will accompany Silliman to Vera Cruz, as was done with several hundred American refugees leaving Mexico City.

SISTER: READ MY FREE OFFER!

I am a woman. I know a woman's trials. I know her need of sympathy and help. If you, my sister, are unhappy because of ill-health, if you feel unfit for household duties, social pleasures, or daily employment, write and tell me just how you suffer, and ask for my free ten days' trial of a home treatment suited to your needs. Men cannot understand women's sufferings. What we women know from experience, we know better than any man. I want to tell you how to cure yourself at home at a cost of about 12 cents a week.

If you suffer from women's peculiar ailments causing pain in the head, back, or bowels, falling of weight and dragging-down sensation, failing or displacement of pelvic organs, causing kidney and bladder weakness or constipation and, painful or irregular periods, catarrhal conditions and discharges, extreme nervousness, depressed spirits, melancholy, desire to cry, fear of something evil about to happen, creeping feeling along the spine, palpitation, hot flashes, weariness, sallow complexion with dark circles under the eyes, pain in the left breast, or a general feeling that life is not worth living.

I INVITE YOU TO SEND TODAY FOR MY FREE TEN DAYS' TREATMENT

and learn how these ailments can be easily and surely conquered at home without the dangers and expense of an operation. When you are cured, and able to enjoy life again, you can pass the good word along to some other sufferer. My home treatment is for young or old. To Mothers of Daughters, I will explain how to overcome green sickness (chlorosis), irregularities, headaches, and lassitude in young women and restore them to plumpness and health. Tell me if you are worried about your daughter. Remember, it costs you nothing to give my home treatment a ten days' trial, and does not interfere with daily work. If health is worth asking for, then accept my generous offer and write for the free treatment, including my illustrated booklet, "Woman's Own Medical Adviser." I will send all in plain wrappers post-paid. To save time, you can cut out this offer, mark your feelings, and return to me. Send today, as you may not see this offer again. Address,

PLEADS GUILTY IS SENTENCED

Kirby McCarty, who a few days ago entered a plea of not guilty to the charge of shooting with intent to wound Roscoe Vicens, on the night of February 14th, was taken before Judge Carpenter Friday evening where he changed his plea of not guilty to one of guilty.

Upon his plea of guilty, Judge Carpenter sentenced him to the Ohio Penitentiary for an indefinite period, not to exceed 20 years, and McCarty will be taken to that prison first of the week.

The indictment of carrying concealed weapons was nolleed. McCarty shot Vicens following a short altercation which occurred on East Court street.

SENATOR'S WIFE TO SPEAK HERE

Mrs. LaFollette Will Debate With
Anti-Woman Suffragist.

ADVOCATES BETTER HOME LIFE

Is Charming and Versatile Woman
and Has Won Fame For Herself in
Various Fields of Activity—Every-
one Should Hear Her Tell Why
Women Should Have Right to Vote.

One of the most strikingly interesting women prominent in the public eye in America today, is Mrs. Bella C. LaFollette, the charming, able and versatile wife of Senator Robert M. LaFollette, the militant progressive Republican leader of Wisconsin. Mrs. LaFollette, unlike many wives of celebrities, is not a mere minor star who shines by reflecting the great white light which beats about her distinguished husband, but has won fame for herself by her work in various fields of activities. As a contributor to the daily press and magazines of the nation her words have reached the minds and hearts of the best women of America, and in recent years her able and determined advocacy of equal suffrage has placed her prominently in the foreground as one of the ablest, if not the ablest, exponent of that great forward step in the political life of the country.

Perhaps the most appealing thing about Mrs. LaFollette, to the majority of women, is that, with all her manifold public activities she has never lost sight of the fact that a woman's first duty is to her home, and that in the rearing of a fine family of four children and the making of a home

MRS. ROBERT M. LAFOLLETTE. Ideal in all that goes to make up a real home, she has put added emphasis upon her basic argument for equal suffrage, "that it will make better homes." Desperately in earnest in her advocacy of everything which is near and dear to her, Mrs. LaFollette has entered heart and soul into the struggle for the ballot for women because she believes in precisely that argument: "It will make better homes." What a shibboleth, indeed, for a woman who has exemplified the highest art in the application of home-making possibilities which are now hers, and who seeks, for her sisters, only added opportunities for better home-making.

A classmate of her distinguished husband in the University of Wisconsin, they were united in marriage shortly after their graduation. Their early life was a struggle, in which the wife was ever a helpmate. In addition to her duties in the home Mrs. LaFollette voluntarily began the study of law, in order to share more fully the labors and problems of her husband, and on one occasion, when illness prevented him from preparing an important brief for presentation to the supreme court, the wife performed the task, and so exceptional in its insight into and elucidation of the law was the paper prepared by Mrs. LaFollette that the court took occasion to commend the husband upon its presentation for what appeared to be his particularly able brief. In all of Senator LaFollette's campaigns she has been his enthusiastic partner, on numerous occasions taking the stump in his behalf.

The announcement that this distinguished woman is to appear upon our Chautauqua this summer will be hailed with delight, not alone by the women of this vicinity but by all our people. She comes here to engage in a debate on woman's suffrage, taking the affirmative of the proposition that women should be granted equal privilege with men, against Miss Lucy Price, Secretary of the Ohio Anti-Suffrage Association.

On this day, which will be known as Women's Day, Mrs. Glendower Evans, noted social worker and club woman of Boston, will share with Mrs. LaFollette and Miss Price the honors of the day.

ASCENSION SERVICES SUNDAY AFTERNOON

Tomorrow will be one of the most memorable days in the history of The Masonic lodge in Bloomingburg, as the Ascension services of the Garfield Commandery will be held in Bloomingburg, beginning at two o'clock.

Knights Templar and their families from this city and Greenfield, will go in a body to Bloomingburg, leaving this city about one o'clock in the afternoon, and making the trip by automobile.

In addition to the members of Garfield Commandery the Blue lodges from this and other points have been invited and many will go from this city, Mt. Sterling, New Holland, Sedalia and Jeffersonville.

The Imperial band will accompany the party from this city, and will furnish music for the services at Bloomingburg. All Knights Templar will be in full uniform.

The Masonic Blue Lodge No. 444 has invited Garfield Commandery and the various Blue lodges, and preparations have been made to extend a royal welcome to all guests.

The Ascension services will be held at the M. E. church in Bloomingburg with Rev. F. M. Moore delivering the principal address.

LARGE CROWD ATTENDS FUNERAL OF MRS. HILL

One of the largest crowds ever assembling for a funeral attended the double funeral of Mrs. C. E. Hill and little daughter, at Mt. Sterling, Friday.

Mrs. Hill, who was the wife of Rev. C. E. Hill of the Mt. Sterling Methodist church, and her little daughter, were two of the victims of the horrible accident which occurred at Ashville earlier in the week when six persons met death when their automobile was struck by a Scioto Valley traction car.

The funeral services were in charge of Dr. W. D. Cherington, district superintendent, while fully 25 other ministers were among the large crowd of mourners. Burial was made at Mt. Sterling.

FRED HALL GETS GOOD POSITION

Fred Hall, son of Mr. and Mrs. N. B. Hall, of Dayton avenue, and one of Washington's most popular young men, has secured a position in the employment of F. G. Warden, Ohio hotel magnate, for the coming summer months and will be located probably as clerk in the Hotel Metropole, Chicago, one of Mr. Warden's several large hostleries.

He has been attending school at the Starling Medical college at Columbus, and was fortunate in securing such congenial employment during his vacation. He goes to Chicago on the recommendation of Manager C. H. Griffith of the Cherry.

LANHAM PLAYERS CLOSE ENGAGEMENT TONIGHT

Before a thoroughly appreciative audience the Lanham players scored heavily in "Honest Hearts," a rural comedy drama, Friday night at the Empire. This little company is undoubtedly the best that has been in Washington for many years.

For their closing bill tonight, "Zuleeka, the Turkish Maiden," a farce comedy, will be the offering.

New vaudeville numbers will be introduced.

Two shows will be given, the first at 7:30 p. m. and the second at 9:00 p. m., so that every one will have ample opportunity to see them.

W. C. T. U. MEETING.

The local W. C. T. U. held an interesting meeting yesterday at the home of Mrs. Frank M. Kennedy.

It was a memorial service for our national president, Mrs. Lillian M. N. Stephens, who went to her reward April 6th.

In the business session preceding the service, arrangements were made to celebrate Flower Mission day, June 9th at the Infirmary and Children's home and one week later to decorate the Crusaders' graves.

Two papers were read on the life of Mrs. Stephens, portraying her beautiful Christian character and her devotion to the cause to which she gave her life.

Short tributes by senators and noted men who knew and loved our departed leader were read by several members.

Into rest and joy out of the cares and labors and perplexities of this life our sister has gone. Her faithful life will continue to be an inspiration to greater service.

MAKES INSPECTION OF SUNFLOWER LODGE

County Deputy Luther Brakefield, was in Jeffersonville Friday night to inspect Sunflower lodge, Knights of Pythias, of that place. A large number of Jeffersonville Knights were in attendance at the meeting, and the order was found in good condition.

Mr. Brakefield was accompanied by Messrs. Glenn M. Pine and Harry Baughn, of this city. Other Knights of Pythias lodges in the county will be visited by Mr. Brakefield within a short time.

Mr. Brakefield is proving himself a "live" county deputy.

MARRIED BY JUSTICE

Frankie Mongold, 37, farmer of Jasper township, and Etta Massie, 31, of the same township, obtained a license and were married at the Probate Judge's office at once.

The wedding occurred late Saturday morning.

Mrs. James DeMallie, of New York, who has been visiting Mrs. Mary Passmore and family, goes to Marysville Monday for a few days' visit with her father. She will return here the middle of the week.

The Daughters of the American Revolution will entertain with a Kensington at the home of Mrs. R. S. Quinn Monday, May 25, at 2:30 o'clock. All members are urged to be present.

VALLERY TRAINING STRING OF HORSES

Oscar Vallery, of Derby, formerly of this county, is training 21 head of choice horses, including the 1913 sensation, Royal Cadet 2:15 1/4, who worked a mile one day this week, in 2:40, with the last half in 1:16. It is the best mile any of his string has worked this spring.

Florence McKinney, 2:11 1/4, a former world's champion, is working good this spring, and Mr. Vallery believes she will duplicate her performance as a three and four year old.

Mr. Vallery expects to ship eight head of animals to Virginia, early in July, where they will be campaigned for a few weeks before activities in this and other states.

WILL DROP BACK TO OLD PRACTICE

Beginning within a short time the practice of again transporting the Sunday Cincinnati Enquirers from this city to Frankfort and Chillicothe will be resumed.

This is due to the withdrawal of

KAFFIR BOYS CHOIR IS UNIQUE ORGANIZATION

THE boys finally chosen for the Kaffir Boys Choir, who will appear here Chautauqua Week, are waifs. Mr. Balmer has never known the parents of but one child, and it is impossible to tell their ages. He has tried training boys of every tribe in Africa, and has never found one who could not be educated, although the progress of some are very slow. Strangely enough the boys of the company speak English perfectly, and in their musical work their enunciation is marvelous, every

word being easily understandable, in marked contrast to that of boys of our own country of similar age.

Elsie Clark, the musical director and pianist, was born in Kaffirland, South Africa, of Anglo-Saxon parentage, and is a brilliant musician and speaker. Miss Clark is a great African linguist, knows the natives and their customs exceedingly well, and tells their story in graceful and picturesque language.

Added interest is given to their appearance by the costumes worn by Miss Clark and the boys, made of

handsome leopard, cheetah, wild deer and skins of other animals native to South Africa, ornamented with priceless bead work and curios of many kinds.

Mr. Balmer and Miss Clark have performed a rare service in bringing to the civilized world such a concrete example of what Christian missionary service has done and can do for the native Africans.

The Kaffir Boys are one of the stellar attractions on our Chautauqua this summer, and their appearance here will be a feature event.
